Hunger Hotspots Food and Agriculture Organization of the United Nations, WFP, In the current edition of a regular joint bi yearly report the Food and Agriculture Organization of the United

Nations FAO and the World Food Programme WFP warn that acute food insecurity is likely to worsen across 13 countries and territories identified as hotspots during the outlook period from June to October 2025 The Sudan Palestine South Sudan Haiti and Mali remain hotspots at the highest concern level while Yemen the Democratic Republic of the Congo and Myanmar are classified as hotspots of very high concern Other hotspots are Afghanistan Burkina Faso Chad Somalia and the Syrian Arab Republic Since the October 2024 edition Afghanistan and the Democratic Republic of the Congo have been elevated to hotspot status Conversely regional clusters in East Africa Ethiopia and Kenya and Southern Africa Lesotho Malawi Mozambique Namibia Zambia and Zimbabwe as well as Niger are no longer classified as hotspots due to improvements in climatic conditions Nigeria and Lebanon are also no longer classified as hotspots due to some improvement in the economic situation and a reduction in the intensity of military operations respectively Although these countries are no longer considered hotspots for the outlook period future economic and conflict related shocks or climatic shifts could lead to their reclassification For the outlook period funding for food and nutrition assistance falls critically short Funding for humanitarian assistance must not be reduced Instead urgent assistance should be scaled up to protect livelihoods and improve food access across all hunger hotspots This report outlines country specific recommendations for urgent emergency responses as well as anticipatory actions to meet existing humanitarian needs and implement short term protective interventions before new crises emerge The report focuses on the most severe and deteriorating acute hunger situations but it does not represent all countries territories experiencing high levels of acute food insecurity

Offer Stacking Amelia Green, AI, 2025-03-03 Offer Stacking reveals how businesses can dramatically increase revenue and customer satisfaction by strategically crafting offers with irresistible bonuses and clever bundling The book emphasizes that in today's competitive landscape a great product alone isn't enough customers crave enhanced value By mastering offer architecture businesses can transform ordinary transactions into powerful experiences boosting sales conversions and fostering brand loyalty The book delves into bonus amplification strategic bundling and offer architecture providing a framework for maximizing perceived value For example instead of simply discounting businesses can bundle complementary products or create limited time offers to incentivize immediate action Offer Stacking distinguishes itself by presenting a step by step methodology for designing and optimizing offers moving beyond basic freebies to a strategic approach aligned with business goals The book begins by exploring value perception before progressing through bonus strategies bundling techniques and offer design It culminates with case studies and templates for various industries ensuring readers can implement these strategies immediately By thoughtfully structuring offers businesses can minimize reliance on costly marketing campaigns and build lasting customer relationships
