Access to Knowledge in Brazil Lea Shaver, 2010-01-16

Brazil is one of the world's most productive crucibles for new ideas and practices in innovation and collaboration. This meticulously researched book provides a sweeping tour of the issues arising from that leadership. Jonathan Zittrain, Professor Harvard Law School. As policy makers around the world grapple with how to configure their intellectual property policies to promote innovation and economic growth as well as public access to the fruits of intellectual labour, they would do themselves a huge favour by reading Lea Shaver's excellent book. Pam Samuelson, Professor University of California Berkeley. This is essential reading for anyone who cares about one of the most important human rights issues of the century: access to knowledge. Madhavi Sunder, Professor of Law, University of California Davis. This volume features four chapters addressing the current issues facing intellectual property, innovation and development policy in Brazil. Each chapter is authored by legal scholars affiliated to the Funda o Getulio Vargas law schools in S o Paulo and Rio de Janeiro. Each chapter examines a policy area that significantly impacts access to knowledge in Brazil. These include exceptions and limitations to copyright, free software and open business models, patent reform and access to medicines and open innovation in the biotechnology sector.

The Business of Media Distribution Jeff Ulin, 2012-12-06. Written by the insider who headed sales for Lucasfilm across distribution markets and managed the release of Star Wars Episode III, this is the first book to show how all related media distribution markets, including television, video and online, work together and independently to finance and maximize profits on productions. It demystifies how an idea moves from concept to profits and how distribution quietly dominates an industry otherwise grounded in high-profile elements: production, marketing, creative finance, law. The book provides a unique apprenticeship to the business, illuminating at a macro level how an idea can move from concept to generating 1 Billion, relating theory and practice in the context of the maturation of global market segments and exposing the devil in the detail that impacts bottom-line profits. Producers, media executives and entertainment attorneys in specific niches will benefit from this wide-ranging look at the business across various distribution outlets, including theatrical, television, airlines, merchandising, cable and home video.

Using iPhones, iPads, and iPods Matthew Connolly, Tony Cosgrave, 2014-10-28. Apple Inc. has sold more than 500 million iPhones, iPads and iPod Touches. Library patrons are increasingly coming to libraries with the expectation that their Apple devices will work flawlessly with library services or that they can find an iPad to use at the library if they don't have one of their own. Libraries and librarians today are expected to be adept with the latest technology and to be able to apply it to popular use as well as scholarly research. *Using iPhones and iPads: A Practical Guide for Librarians* offers library professionals a clear path to Apple readiness. The authors, a librarian and a software developer at a prominent research library, combine their experience in library public services and mobile technology to provide easy-to-follow, step-by-step instructions to help you get up to speed on ensuring that your library website and online resources are iDevice-friendly, creating a custom app for your library and making it available in iTunes, starting an iPad lending program, using iDevices for librarianship and library work, assessing and advertising iDevice programs, acquiring, configuring

and deploying iDevices to users Recommended apps that can help you and your users Whether you work at a large academic institution or a small public library this book will show you how to become iDevice literate quickly and easily
