practice plagiarism concerns preprints open access models conflicting interests rise of review papers writing book reviews and assessing faculty beyond metrics Part II Editors Editorial Desks and Issues of Scientific Misconduct features eight chapters devoted to discuss on issues of editorial misconduct desk rejections paper mills letters to editors image duplication emerging ChatGPT in writing reviewing spaces citation cartels and retractions Finally Part III Reviewers and Developing Evaluator s Eye features five chapters devoted to discuss peer review as an idea creating model paying peer reviewers training reviewers peer review manipulations and peer review in age of AI All chapters in the book are written by expert contributors of the field that provides a systematic approach of understanding various challenges opportunities and ethical considerations of scientific publishing ecosystem Most of the chapters have featured recent cases of scientific misconduct as examples to reflect scale of the problem This book will serve as a reference to research practitioners in understanding assigning authorship on papers modern day publishing collaboration role of editors to serve journals in a holistic manner and ensuring fair peer review mechanisms

Robin Hood Maths Noah Giansiracusa, 2025-08-07 Big companies are using maths to take from the poor and give to the rich Maths professor Noah Giansiracusa shows how you can beat the system using simple hacks anyone can learn See what the algorithms are trying to hide from you and even better take back your own decision making power Jordan Ellenberg author of *How Not to Be Wrong* In today s data driven world maths is a weapon wielded by banks insurance companies tech firms and government agencies These organizations use sophisticated algorithms to calculate odds make predictions uncover patterns manage risk and optimize actions And they treat you as another number to crunch along the way *Robin Hood Maths* explains the mathematical methods these companies and agencies use to manipulate and profit off of you It s easy to assume these algorithms are too complex to even understand let alone use for yourself But maths professor Noah Giansiracusa makes the compelling case that anyone can use these same methods without any special training He offers simple hacks and streamlined formulas for beating the number crunchers at their own game **MAKE BETTER INVESTMENTS TAKE CONTROL OF YOUR SOCIAL MEDIA HANDLE RISK RATIONALLY** With Professor Giansiracusa as your guide you ll learn how to reclaim agency over the decisions you make every day In a society designed to take from the poor and give to the rich maths has the potential to be a powerful democratizing force *Robin Hood Maths* gives you the tools you need to think for yourself act in your own best interest and thrive

Robin Hood Math Noah Giansiracusa, 2025-08-05 How the rich and powerful use math to exploit you and what you can do to beat them at their own game Everything we do today is recorded as data that s sold to the highest bidder Plugging our personal data into impersonal algorithms has made government agencies more efficient and tech companies more profitable But all this comes at a price It s easy to feel like an insignificant number in a world of number crunchers who care more about their bottom line than your humanity It s time to flip the equation turning math into an empowering tool for the rest of us Award winning mathematician Noah Giansiracusa explains how the tech giants and financial institutions use formulas to get ahead and how anyone can use

these same formulas in their everyday life You ll learn how to handle risk rationally make better investments take control of your social media and reclaim agency over the decisions you make each day In a society that all too often takes from the poor and gives to the rich math can be a vital democratizing force Robin Hood Math helps you to think for yourself act in your own best interests and thrive **Academic Integrity in the Age of Artificial Intelligence** Mahmud, Saadia,2024-02-13
