You're Damn Right I'm a Fanboy: MG Siegler on Apple, Google, Startup Culture, and Jackasses on the Internet MG Siegler, 2012-06-07 As we all know by now comments on the Internet are a fascinating thing My favorite involve the word fanboy Generally speaking being a fanboy means you write stories tweets whatever about a certain topic with a positive angle It's meant to be a derogatory term but the truth is that it's so overused that it's almost completely meaningless For the

sake of this post though I'll play ball I have a confession to make I'm a fanboy Now I didn't say specifically what I'm a fanboy of because there have been too many titles bestowed upon me over the years At various points over just the past few months I've been an Apple fanboy a Google fanboy a Twitter fanboy a Facebook fanboy a Foursquare fanboy a Gowalla fanboy and yes even a Microsoft fanboy Never mind that most of companies compete with one another so it would be hard to be a true fanboy of multiple ones without misrepresenting my fanboydom of a few of the others We'll just say I'm a fanboy and leave it at that And that leaves me wondering why wouldn't you want to be a fanboy
