career as a physician and elder of the Presbyterian Church he was elected to represent New Jersey in the Continental Congress where he became one of the signatories of the Articles of Confederation. He eventually grew so frustrated by the blatant corruption he experienced that he abandoned politics and helped form an extra legal vigilante organization the Retaliators. Nathaniel's inner journey to the abandonment of his congressional mandate in favor of participation in violent retaliation was driven by his friendship and admiration for David Forman, the main architect of the retribution strategy. On October 16, 1781, Nathaniel Scudder became the only person who served in the Continental Congress to die in action in the War of American Independence. In a skirmish between Retaliators and Loyalists, he was struck by a bullet meant for David Forman.

When Wheat Was King André Magnan, 2016-03-05. Over the course of a century, the Canadian Prairies went from being the breadbasket of the world to but one of many grain growing regions in a vast global agri food system. Magnan traces the causes and consequences of this evolution from the first transatlantic shipments of wheat to the controversial dismantling of the Canadian Wheat Board. *When Wheat Was King* reveals how farmers, governments, and consumers over successive periods responded to industrialization, international trade rules set by the US, the liberalization of global markets, and the consolidation of corporate power. The result is a fascinating look at how regional, national, and international politics have influenced agriculture and food industries in Canada, the UK, and around the world.
