Literary Fiction

Reception Lucas Powell, AI, 2025-02-20 Literary Fiction Reception explores how literary fiction achieves lasting significance and cultural resonance It argues that a work's reception is not passive but an active negotiation shaped by historical context cultural values and the subjective experiences of readers and reviewers For example the book examines how literary awards influence a book's visibility and long term recognition demonstrating the tangible impact of accolades on readership The book progresses systematically beginning with an introduction to literary reception theory and tracing the evolution of critical frameworks It then analyzes the role of formal literary reviews the impact of literary awards and the cultural afterlives of literary works through film adaptations and incorporation into educational curricula By drawing upon diverse sources including archival material and audience reception studies the book offers a comprehensive understanding of how literary fiction gains meaning and influence particularly within the English speaking world

Critical Internet Literacies

Jamie Cohen, 2024-12-30 An introductory critical internet studies text that builds upon media literacy and digital culture theory to offer a thorough examination of the intersection of online technology and culture We are now collectively at a hinge point in the evolution of the web where online influencers can sway national discourse geopolitical events are remixed through memes and online harms are misunderstood This book argues that people are generally aware that online media has repercussions in off platform spaces but sometimes lack the language to properly critique online trends memes and internet born media How are citizens activists and marginalized groups able to use these tools effectively and safely in these times Jamie Cohen explores aspects of internet culture in an approachable manner building upon critical media literacy and

applying a critical technocultural analysis as a methodology to reimagine how media literacy can operate in an online media environment The book explores key topics such as accessibility the creator economy content moderation tech bias platform capitalism internet culture and safety Offering a new way of reading internet media and critiquing content and creators this book is essential reading for students and scholars of digital culture internet culture media literacy social media and beyond
