Online Libraries, and Microcomputers, 1988 **A Sudanese Family** Erika F. Archibald, 1997 Relates the experiences of a family which came to the United States as refugees from a small farming village in the African country of Sudan Borderlines Jennifer Burns, Loredana Polezzi, 2003 The Christian Science Monitor Index, 2003 **Pulpsmith**, 1985 The Oxford Encyclopedia of American Literature Jay Parini, 2004 This set treats the whole of American literature from the European discovery of America to the present with entries in alphabetical order Each of the 350 substantive essays is a major interpretive contribution Well known critics and scholars provide clear and vividly written essays that reflect the latest scholarship on a given topic as well as original thinking on the part of the critic The Encyclopedia is available in print and as an e reference text from Oxford's Digital Reference Shelf At the core of the encyclopedia lie 250 essays on poets playwrights essayists and novelists The most prominent figures such as Whitman Melville Faulkner Frost Morrison and so forth are treated at considerable length 10 000 words by top flight critics Less well known figures are discussed in essays ranging from 2 000 to 5 000 words Each essay examines the life of the author in the context of his or her times looking in detail at key works and describing the arc of the writer's career These essays include an assessment of the writer's current reputation with a bibliography of major works by the writer as well as a list of major critical and biographical works about the writer

under discussion A second key element of the project is the critical assessments of major American masterworks such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman or Beloved Each of these essays offers a close reading of the given work placing that work in its historical context and offering a range of possibilities with regard to critical approach These fifty essays ranging from 2 000 to 5 000 words are simply and clearly enough written that an intelligent high school student should easily understand them but sophisticated enough that a college student or general reader in a public library will find the essays both informative and stimulating The final major element of this encyclopedia consists of fifty odd essays on literary movements periods or themes pulling together a broad range of information and making interesting connections These essays treat many of the same authors already discussed but in a different context they also gather into the fold authors who do not have an entire essay on their work so that Zane Grey for example is discussed in an essay on Western literature but does not have an essay to himself In this way the project is truly encyclopedic in the conventional sense These essays aim for comprehensiveness without losing anything of the narrative force that makes them good reading in their own right In a very real fashion the literature of the American people reflects their deepest desires aspirations fears and fantasies The Oxford Encyclopedia of American Literature gathers a wide range of information that illumines the field itself and clarifies many of its particulars **Australian National**

Bibliography ,1996 **Australian Books in Print 1998** Bowker,1998-04 excellent coverage essential to worldwide bibliographic coverage AMERICAN REFERENCE BOOKS ANNUAL This comprehensive reference provides current finding ordering information on more than 75 000 in print books published in or about Australia or written by Australian authors organized by title author keyword You ll also find brief profiles of more than 7 000 publishers distributors whose titles are represented as well as information on trade associations local agents of overseas publishers literary awards more From D W Thorpe
