Karel Martens, 2001 Karel Marten s work occupies a unique place in the present European art and design landscape While working in the tradition of Dutch modernism he maintains distance from the main developments of his time from both the practices of routinized Modernism and the facile reactions against it His work is personal and experimental while at the same time publicly answerable This book presents Martens graphic design oeuvre in reproductions of startling fidelity and described in informal captions Printed on uncoated paper and Chinese bound the book itself has a compelling tactile quality For this long awaited second edition twenty four pages have been added to cover Marten s most recent work
