Migration Diaspora And Identity Cross National Experiences 6 International Perspectives On Migration:

Migration, Diaspora and Identity Georgina Tsolidis, 2013-10-07 Framed in relation to diaspora this collection engages with the subject of how cultural difference is lived and how complex and shifting identities shape and respond to spatial politics of belonging Diaspora is understood in a variety of ways which makes this an eclectic collection of papers Authors use various theoretical frameworks to explore diverse groups of people with a variety of experiences in a wide range of settings They are making sense of the experiences of women and men from a range of ethnic backgrounds negotiating identities through family work and education The micro dynamics of the everyday offer an evocative bottom up means of understanding the tensions implicit in living multiple belongings The common thread for the collection comes from the glimpses these authors provide into the remaking of our globalized world The aim is to shed light on racism dislocation and alienation on the one hand and on the other hand to consider how the complex power relations within the everyday mediate a sense of resistance and hope The papers are arranged around four themes 1 Multiple Belongings 2 Representing a Way of Being 3 Sexualised Identifications and 4 Marriage and Family

Greek Islander Migration to Australia since the 1950s Melissa N. Afentoulis, 2021-11-23 Illuminating the experiences of immigrants to Australia in the late twentieth century this book uses oral history to explore how identity and belonging are shaped through migration Between the 1950s and the 1970s many inhabitants from the small Greek island of Limnos travelled to Australia to flee post war devastation and economic disaster With an emphasis on the lived experiences and memories of Limnians the book sheds light on the emotional pain and trauma they felt as they were separated from their families and homeland Moving away from more traditional outlooks on migration studies this book emphasises the significance of ethno regional identity and analyses how it can bring strength and longevity to a constructed community Both the roles of men and women within the Greek diaspora are examined in the way that they made the difficult decision to leave their homeland and subsequently how they came to nurture and build families within a new evolving community Looking beyond first generation migration the author analyses the pattern of return visits to Limnos by the descendants of migrants Acting as a form of identity consolidation for second generation migrants this journey to the ancestral homeland highlights the fluidity of what it means to belong somewhere and redefines the notion of home The author provides an alternative perspective to traditional migration studies and reaffirms the importance of transnational identity A unique and important addition to research this book combines memory studies and oral narrative to analyse how identity and belonging can be shaped across borders rather than within them

Diaspora Networks in International Business Maria Elo, Indianna Minto-Coy, 2018-08-12 This contributed volume focuses on diasporans their characteristics networks resources and activities in relation to international business and entrepreneurship It presents an overview of diaspora concepts from an economic perspective and analyzes the global economic and societal effects and

Lauser, Cordula Weißköppel, 2015-09-15 Religion gilt als wichtige Ressource zur Artikulation von kulturellen Identitäten besonders bei Menschen mit erhöhter Mobilität Ethnologische Forschungen haben dazu beigetragen die transnationale Perspektive in der Migrationsforschung zu etablieren indem nicht nur die verschiedenen Aufenthaltsorte von Migranten und Migrantinnen und ihren Familienangehörigen sondern auch die Transaktionen und Vernetzungen zwischen diesen in den Blick gerückt sind Migranten reaktivieren nicht nur die eigene Religion und leben sie teilweise aktiver als in der Heimat sondern das Nebeneinander unterschiedlicher Religionen im Einwanderungsland führt auch zu einer erhöhten Pluralisierung von religiöser Kultur mit den verschiedensten Wirkungen und Dynamiken In diesem Buch wird auf Basis aktueller ethnographischer Forschung die Verwobenheit informeller Mikropolitiken und makrostruktureller Angelegenheiten von Religion und rituellen Praxen untersucht Dabei geht es zentral um das Spannungsfeld zwischen individuellen Handlungsstrategien und den kulturellen wie sozialen Zugehörigkeiten im transnationalen Raum **Irish Global Migration and Memory** Marguerite Corporaal, Jason King, 2018-03-08 Irish Global Migration and Memory Transnational Perspectives of Ireland's Famine Exodus brings together leading scholars in the field who examine the experiences and recollections of Irish emigrants who fled from their famine stricken homeland in the mid nineteenth century The book breaks new ground in its

Handlungsstrategien und den kulturellen wie sozialen Zugehörigkeiten im transnationalen Raum **Irish Global Migration and Memory** Marguerite Corporaal, Jason King, 2018-03-08 Irish Global Migration and Memory Transnational Perspectives of Ireland's Famine Exodus brings together leading scholars in the field who examine the experiences and recollections of Irish emigrants who fled from their famine stricken homeland in the mid nineteenth century The book breaks new ground in its

comparative transnational approach and singular focus on the dynamics of cultural remembrance of one migrant group the Famine Irish and their descendants in multiple Atlantic and Pacific settings Its authors comparatively examine the collective experiences of the Famine Irish in terms of their community and institution building cultural ethnic and racial encounters with members of other groups and especially their patterns of mass migration integration and remembrance of their traumatic upheaval by their descendants and host societies The disruptive impact of their mass arrival had reverberations around the Atlantic world As an early refugee movement migrant community and ethnic minority Irish Famine emigrants experienced and were recollected to have faced many of the challenges that confronted later immigrant groups in their destinations of settlement This book is especially topical and will be of interest not only to Irish migration and refugee scholars but also the general public and all who seek to gain insight into one of Europe s foundational moments of forced migration that prefigures its current refugee crisis This book was originally published as a special issue of *Atlantic Studies Global Currents*

The Challenges of Diaspora Migration Rainer K. Silbereisen, Peter F. Titzmann, 2016-04-01 Diaspora or ethnic return migrants have often been privileged in terms of citizenship and material support when they seek to return to their ancestral land yet for many after long periods of absence sometimes extending to generations acculturation to their new environment is as complex as that experienced by other immigrant groups Indeed the mismatch between the idealized hopes of the returning migrants and the high expectations for social integration by the new host country results in particular difficulties of adaptation for this group of immigrants often with high societal costs This interdisciplinary comparative volume examines migration from German and Jewish Diasporas to Germany and Israel examining the roles of origin ethnicity and destination in the acculturation and adaptation of immigrants The book presents results from various projects within a large research consortium that compared the adaptation of Diaspora immigrants with that of other immigrant groups and natives in Israel and Germany With close attention to specific issues relating to Diaspora immigration including language acquisition acculturation strategies violence and breaches with the past educational and occupational opportunities life course transitions and preparation for moving between countries *The Challenges of Diaspora Migration* will appeal to scholars across the social sciences with interests in migration and ethnicity Diaspora and return migration

Asian Migrants and Religious Experience Bernardo Brown, Brenda Yeoh, 2025-10-01 Typically scholars approach migrants religions as a safeguard of cultural identity something that connects migrants to their communities of origin This ethnographic anthology challenges that position by reframing the religious experiences of migrants as a transformative force capable of refashioning narratives of displacement into journeys of spiritual awakening and missionary calling These essays explore migrants motivations in support of an argument that to travel inspires a search for new meaning in religion

Transnational Migration and the New Subjects of Work Banu Özkazanç-Pan, 2019-09-26 In an increasingly globalized world mobility is a new defining feature of our lives livelihoods and work experiences This book is a first in utilising transnational migration

studies as a new theoretical framework in management and organization studies Ozkazanc Pan presents a much needed new concept for understanding people work and organizations in a world on the move while attending to growing inequality associated with work in changing societies

Older South Asian Migrant Women's Experiences of Ageing in the UK Nafhesa Ali,2024-03-13 Drawing on empirical research with older South Asian migrant women this book puts forth new understandings on how older settled migrant women construct and understand age through recollections of key life course events that are structured around gendered positions Divesting from a Western centric view and applying a decolonial and Black feminist lens to ageing the author presents intersectionality and transnational positionality as useful tools to connect old age migration and memory in critical studies on aging Chapters flesh out life course memories at different key stages and examines how the intersections of multiple markers of identity race gender language immigration status age etc shape how older South Asian migrant women understand and experience their lives This book will be of interest to scholars with a focus on Gender Studies Migration Studies Ageing Studies and Mobility Studies

Exile and Nation-State Formation in Argentina and Chile, 1810-1862 Edward Blumenthal,2019-10-23 This book traces the impact of exile in the formation of independent republics in Chile and the R o de la Plata in the decades after independence Exile was central to state and nation formation playing a role in the emergence of territorial borders and Romantic notions of national difference while creating a transnational political culture that spanned the new independent nations Analyzing the mobility of a large cohort of largely elite political migr s from Chile and the R o de la Plata across much of South America before 1862 Edward Blumenthal reinterprets the political thought of well known figures in a transnational context of exile As Blumenthal shows exile was part of a reflexive process in which elites imagined the nation from abroad while gaining experience building the same state and civil society institutions they considered integral to their republican nation building projects

Borders, Migration and Globalization Anna Rita Calabrò,2021-12-10 The emergence of new and substantial human migration flows is one of the most important consequences of globalisation While ascribable to widely differing social and economic causes from the forced migration of refugees to upper middle class migration projects and the movement of highly skilled workers what they have in common is the effect of contributing to a substantial global redefinition in terms of both identity and politics This book contains contributions from scholars in the fields of law social sciences the sciences and the liberal arts brought together to delineate the features of the migration phenomena that will accompany us over the coming decades The focus is on the multifaceted concept of border as representing a useful stratagem for dealing with a topic like migration that requires analysis from several perspectives The authors discuss the various factors and issues which must be understood in all their complexity so that they can be governed by all social stakeholders free of manipulation and false consciousness They bring an interdisciplinary and comparative perspective to the social phenomena such as human trafficking unaccompanied foreign minors or ethnic based niches in the job market The book will be a valuable guide for academics students and policy
