Ai Tools This Week Open Now:

, Empire of AI Karen Hao, 2025-05-20 An Instant New York Times Bestseller A bestselling page turner that has made waves not just in Silicon Valley but around the world With Empire of AI Hao is fundamentally shaping many people's perceptions and understanding of the company at the center of the AI revolution TIME Magazine TIME100 AI 2025 Excellent and deeply reported Tim Wu The New York Times Startling and intensely researched an essential account of how OpenAI and ChatGPT came to be and the catastrophic places they will likely take us Vulture Hao's reporting inside OpenAI is exceptional and she's persuasive in her argument that the public should focus less on AI's putative sentience and more on its implications for labor and the environment Benjamin Wallace Wells New Yorker From a brilliant longtime AI insider with intimate access to the world of Sam Altman's OpenAI from the beginning an eye-opening account of arguably the most fateful tech arms race in history reshaping the planet in real time from the cockpit of the company that is driving the frenzy When AI expert and investigative journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission the organization was meant its leader Sam Altman told us to act as a check against more purely mercantile and potentially dangerous forces What could go wrong Over time Hao began to wrestle ever more deeply with that question Increasingly she realized that the core truth of this massively disruptive sector is that its vision of success requires an almost unprecedented amount of resources the compute power of high-end chips and the processing capacity to create massive large language models the sheer volume of data that needs to be amassed at scale the humans cleaning up that data for sweatshop wages throughout the Global South and a truly alarming spike in the usage of energy and water underlying it all The truth is that we have entered a new and ominous age of empire only a small handful of globally scaled companies can even enter the field of play At the head of the pack with its ChatGPT breakthrough how would OpenAI resist such temptations Spoiler alert it didn't Armed with Microsoft's billions OpenAI is setting a breakneck pace chased by a small group of the most valuable companies in human history toward what end not even they can define All this time Hao has maintained her deep sourcing within the company and the industry and so she was in intimate contact with the story that shocked the entire tech industry Altman's sudden firing and triumphant return The behind-the-scenes story of what happened told here in full for the first time is revelatory of who the people controlling this technology really are But this isn't just the story of a single company however fascinating it is The forces pressing down on the people of OpenAI are deforming the judgment of everyone else too as such forces do Naked power finds the ideology to cloak itself no one thinks they're the bad guy But in the meantime as Hao shows through intrepid reporting on the ground around the world the enormous wheels of extraction grind on By drawing on the viewpoints of Silicon Valley engineers Kenyan data laborers and Chilean water activists Hao presents the fullest picture of AI and its impact we've seen to date alongside a trenchant analysis of where things are headed An astonishing eyewitness view from both up in the command capsule of the new economy and

down where the real suffering happens Empire of AI pierces the veil of the industry defining our era [Computerworld](#),1991-04-22 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network [Computerworld](#),1989-08-28 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network **The Real Captain** JAYAKISHOR BAYADI,2023-11-18 The Real Captain is a helpful guide for any aspiring or practising Business Analyst BA Instead of merely discussing theories the book presents real world scenarios and offers real practical insights It addresses crucial questions like what BAs do in real projects their challenges and how they apply theoretical concepts during business analysis to make their work effective productive and thus projects successful The author Jayakishor aims to assist readers in succeeding as BAs by providing valuable information and practice exercises The book includes self assessments to determine if you are well suited for the job numerous questions for learning and guidance for interviews CVs and LinkedIn profiles It serves as a valuable resource for IT professionals or those aspiring to become BAs professionals from other fields seeking a transition to a Business Analysis role or newcomers who wish to comprehend the role of a BA in an IT project Throughout the book the author aims to empower readers with the insights and preparation needed to excel as a BA thus empowering readers to navigate complex professional situations confidently *The Business Year: Saudi Arabia 2022/23*, The Business Year conducted more than 200 face to face interviews with leading investors business leaders and government representatives from all key sectors driving the country's economic growth for this 336 page publication In partnership with the Federation of the Saudi Chambers we have created a comprehensive analysis of the trends defining the economy of the Kingdom focusing on its resilience and the efforts of the government to build a new image and position the country as a leading player both at a regional and international level [Artificial Intelligence, Ethics and the Future of Warfare](#) Kaushik Roy,2024-05-23 This volume examines how the adoption of AI technologies is likely to impact strategic and operational planning and the possible future tactical scenarios for conventional unconventional cyber space and nuclear force structures In addition to developments in the USA Britain Russia and China the volume also explores how different Asian and European countries are actively integrating AI into their military readiness It studies the effect of AI and related technologies in training regimens and command structures The book also covers the ethical and legal aspects of AI augmented warfare The volume will be of great interest to scholars students and researchers of military and strategic studies defence studies artificial intelligence and ethics *Understanding Media Psychology* Gayle S.
