Sat Practice Near Me Tutorial:

The Training of Socket Greeny Tony Bertauski, 2010-09-21 A year has passed since the Paladin Nation was exposed to the public Their mission is still to protect humanity from whatever may threaten them Previously it was the human duplications but now that they've been extinguished their biggest challenge is dealing with the complications of public image Socket Greeny now 17 years old has been a Paladin cadet for the past year and is nearing the final test But that's the least of his problems He's trying to live two lives one as a superhero while hanging onto his normal life While fearlessly dealing with his masochistic trainer he's trying to salvage his deteriorating relationship with his girlfriend back home But Socket's greatest challenge is to find his true enemy He discovers that fear has many faces

INTERVIEW WITH THE AUTHOR When did you start writing My first effort started with Socket Greeny It was a story I started for my son because he hated to read It didn't work but this character Socket took root It was the first time I felt possessed by a character with a story to tell It took me 5 years and countless rewrites to get it right I waited by the mailbox after that but the giant paycheck never arrived If you can't make money why write fiction I didn't say you can't make money There are a lot of people out there with a good book whether it's romance dystopia science fiction or young adult I'm just a minnow in a crowded pond It took a good deal of networking and research to realize just how hard it is Thanks to epublishing I can get the book out That frees me up to write what inspires me Writing is the true love There's something deeply satisfying to have characters come to life in your mind and watch their stories unfold It's a deeper experience than reading someone else's story What do you want readers to get from your stories I've always been inspired by fearless writing that asked poignant questions questions like who am I and what is the universe Things that made me look at life slightly different books that exposed a layer of reality Writing in the young adult genre appealed to me most because that's the age I really craved those questions and answers I want readers to see the world slightly different What is your favorite character I love a bad bad antagonist that you can't entirely hate there's some smidgeon of redemption you feel inside this demented sorry character Heath Ledger's Joker A despicable character that didn't deserve an ounce of pity but for some reason I didn't hate him as much as I should have It's that character I find most intriguing In *The Socket Greeny Saga* the character Pike was my Joker
