Flip the Funnel Joseph Jaffe, 2010-01-26 Why customer retention is the new acquisition If there s anything the recession of 2009 taught us it was the importance of investing in our customers but when was this any different So says Joseph Jaffe bestselling author of *Life After the 30 Second Spot* and *Join the Conversation* and a leading expert and thought leader on new media and social media In most businesses it costs roughly five to ten times more to acquire a new customer than it does to retain an existing one and yet companies continue to disproportionately spend their budgets into the wrong end of the funnel the mass media or awareness side What we haven t paid enough attention to is the right end of the funnel the word of mouth component that essentially acts as a multiplier for future business The economic impact of an active engaged and loyal customer is tremendous And the same is true of the opposite scenario namely the impact of angry customers and negative word of mouth or referrals It is this thinking that Jaffe has channeled to challenge marketers to flip the funnel once and for all With a renewed focus and energy on customer experience it is possible to grow your sales while decreasing your budget in other words getting more from less Engaging a few customers to spread the word to many Using this new flipped funnel model together with a set of new rules of customer service and a revolutionary customer referral and activation process you ll learn how to transform your existing customers into your best salespeople In addition Jaffe will explain how to best introduce and combine both digital and social media tools to boost your loyalty arsenal deploy influencer marketing and implement word of mouth strategies that inspire your loyal opinionated and most vocal customers to become credible persuasive and influential endorsers of your products and services Explains how to cut your marketing budget AND grow sales Illustrates practical ways to use existing customers to reach out to new prospects Outlines the authentic role of social media Demonstrates key ideas with rich real life examples including Comcast Apple The Obama Campaign Dell Panasonic

Re-engineering Customer Service Dr. Bob L Ssekyanzi PhD.,2024-11-07 With the competitive global marketplace environment and many other business challenges it is vital and very necessary to leverage the social channels for a superior

customer experience In developing the 21st Century workforce it is important to understand that your clients are already using more avenues than ever to reach out to you through the Internet and social media It may be prudent to consider whether if you can deliver expected customer service experiences that your customers want on these same social media channels as well as many of these emerging communication technologies Or will your customers be disappointed when they cannot find anyone there to help The conclusion is to acquire the right customer service skills to master these new channels Social media is about engaging It s about talking to your customers rather than talking at them It s about listening to their responses and providing feedback It s about building relationships and community CIO ,1998-05-15 **Power of Light!** John McClain,2023-01-23 Ed Williams represents a modern day Joshua whose faith will lift him to spiritual heights that most only imagine his willingness to believe beyond what he can see and understand will propel him on a path filled with challenges ranging from political pressures and corporate espionage to teenage drama and unpredictable questions he will face from his wife As he perseveres his faith will open up a journey into the spiritual dimension that is unparalleled His commitment to faith will place him in the middle of a spiritual battle that will draw the ire of demonic schemes in which he will stand as a human warrior with spiritual ability beyond the natural while walking as a beacon of light to those in his life He will be assigned guardian angels that have specialized abilities and have served great spiritual leaders for millenniums
