Common Sense, Science and Scepticism Alan Musgrave, 1993-02-11 Can we know anything for certain Dogmatists think we can sceptics think we cannot and epistemology is the great debate between them Some dogmatists seek certainty in the deliverances of the senses Sceptics object that the senses are not an adequate basis for certain knowledge Other dogmatists seek certainty in the deliverances of pure reason Sceptics object that rational self evidence is no guarantee of truth This book is an introductory and historically based survey of the debate siding for the most part with scepticism to show that the desire to vanquish it has often led to doctrines of idealism or anti realism Scepticism science and common sense produce another view fallibilism or critical rationalism although we can have little or no certain knowledge as the sceptics maintain we can and do have plenty of conjectural knowledge Fallibilism incorporates an uncompromising realism about perception science and the nature of truth

Strategies and Communications for Innovations Michael Hülsmann, Nicole Pfeffermann, 2011-02-17 The innovation economy sets new standards for global business and requires efficient innovation management to plan execute and evaluate innovation activities establish innovative capability and coordinate resources and capacities for innovation on an intra and inter organizational level Moreover communication of innovation is one essential impact factor of innovation success due to successful launches of innovations into markets establishment of stakeholder relationships and strengthened corporate reputation in the long run Consequently the portfolio of communication activities for innovations has to be mastered by a company or collaborative network equal to the innovation portfolio Thus management of innovation and innovation communication on a strategic level play an important role in business nowadays This new book concentrates on new approaches and methods for strategies and communications
