### AEROFICHE EXPLANATION AND REVISION STATUS

Service manual information incorporated in this set of Aerofiche cards is arranged in accordance with the general specifications of Aerofiche adopted by the General Aviation Manufacturer's Association. Information compiled in this Aerofiche service manual is kept current by revisions distributed periodically. These revisions supersede all previous revisions, are complete Aerofiche card replacements, and supersede Aerofiche cards of the same number in the set.

#### Identification of revised material:

Revision lines indicate only current revisions with changes and additions to existing text and illustrations. Changes in capitalization, spelling, punctuation, indexing, physical location of the material, or complete page additions are not identified by revision lines.

#### Interim Revisions\*

If there is more than one interim revision on a page, the most recent will have the letters IR next to the revision line. Any other revision lines may reflect a previous permanent revision or previous interim revision. Check the Revision Status page for revision history.
