Phonics Practice Today:

Primary English: Extending Knowledge in Practice David Wray, Jane Medwell, 2008-03-05 Still the biggest concern for many on initial teacher training courses is the acquisition of subject knowledge and the ability to translate that into effective teaching This book addresses this building on the core subject knowledge covered in the Achieving QTS series and relating it to classroom practice It supports trainees in extending and deepening their knowledge of English and demonstrating how to apply it to planning and implementing lessons Practical and up to date teaching examples are used to clearly contextualize subject knowledge A clear focus on classroom practice helps trainees to build confidence and develop their own teaching strategies

Reading Randomised Controlled Trials Robert Savage, Amy Fox, Anneka Dawson, Helen Gray, Clare Huxley, 2025-03-03 In early 2021 22 the Flexible Phonics reading intervention a large scale randomised controlled trial took place in 118 schools in England and involved nearly 3 000 children This study aimed to provide valuable insights into the success of largely school based education trials The Flexible Phonics trial proved to be not only an important experiment in improving children s literacy but a case study in which the methodology of single randomised controlled trials in education can be considered Reading Randomised Controlled Trials investigates the complexities of conducting randomised controlled trials in the field of education and how they can be seen as a cultural activity The book emphasises the human operations decision making and actions that drive such trials which are often overlooked in published reports Through the case study of Flexible Phonics the book highlights the key differences between scaled educational trials and other types of trials such as pharmaceutical trials The additional focus on early childhood literacy is of significant educational importance particularly in the context of UK school partial closures in 2020 and 2021 during the Covid 19 pandemic Reading Randomised Controlled Trials is ultimately a unique resource on the implementation of randomised controlled trials in authentic school contexts and for the sustained improvement of practice in education

Twentieth Century Reading Education: Understanding Practices of Today in Terms of Patterns of the Past Gerard Giordano, 2021-09-13 This book examines twentieth century reading education Among the major educational issues reviewed are testing diagnosis individualized education textbooks readability multiculturalism bi lingualism disability and technology The book explores attempts by educators and psychologists to answer theoretical as well as practical questions about why only some students developed literacy skills It examines the efforts to prevent reading failure as well as to aid those learners who had not learned to read The four types of remedial programs explored are skills based language based literature based and technology based The book identifies the social emotional physical and cognitive factors that have been linked to remedial reading instruction Based on a review of more than 3000 primary sources from the 1800s to the present extensive quotations have been integrated into the text to give readers a sense of intellectual involvement with the educators who are discussed

Reading, Language, and Literacy Fran Lehr, Jean Osborn, 2012-10-12 The impetus for this book emerged from a conference that brought together publishers and

reading researchers and educators for the purpose of examining the best available research evidence about what we know and what we have yet to learn about the teaching of reading and about how children learn to read The goal of the conference was to contribute to a sound research base upon which to develop classroom practices that will ensure that every American child will become fully literate Because the field is still so deeply divided over the best ways to translate belief into classroom practice the editors decided to highlight rather than gloss over these divisions It is hoped that the papers in this volume will promote thought and discussion that will lead to action in improving reading instruction for children now and into the new century
