Foldable Phone Cyber Monday Today:

Opting Out of Digital Media Bonnie Brennen, 2019-05-15 Opting out of Digital Media showcases the role of human agency and cultural identity in the development and use of digital technologies Based on academic research news and trade reports popular culture and 105 in depth interviews this book explores the contemporary opting out trend It focuses directly on people s intentions and the many reasons why they engage with or reject digital technologies Author Bonnie Brennen illustrates the nuanced thinking and numerous reasons why people choose to use some new technologies and reject others Some interviewees opt out of digital technologies because of their ethical political environmental religious or cultural beliefs Other people consider new media superficial diversions that do not meet their expectations needs or interests while some citizens worry about issues of privacy and security and reject digital technologies because of their fears Still other people construct their cultural identities through the choices they make about their use of new media In many cases the use or nonuse of digital technologies offers specific representations of how people assert their independence authority and agency over new media while in some cases the choices that people make about new technologies also illustrate their class position or socioeconomic status Opting Out of Digital Media responds to the growing opting out trend addressing the developments in the unplugging phenomenon It serves as the ideal text for any reader interested in the role of digital technologies in our lives and how it has become a part of a mainstream movement

Digital health equity Karen Fortuna, Adrian

Aguilera, Terika McCall, Joanne Nicholson, 2023-05-29 Assistive Technologies and Other Supports for People With Brain Impairment Marcia J. Scherer, 2012 Assistive Technologies and Other Support for People with Brain Impairment by Marcia J Scherer is a must have text for academic instructors and their students The author s synopsis of brain impairment current rehabilitation strategies available assistive technologies and resources as well as the practical merging of the above makes this an invaluable addition to any academic program in cognitive rehabilitation The author s inclusion of a section regarding current funding options makes this text truly invaluable and a leader amongst its contemporaries Brain Injury This book is an extensive and impressive overview not only of current research in assistive technology AT but also of its relationship to cognitive dysfunction and of the experiences that people with cognitive disabilities present from birth or due to acquired brain injury It will be valuable not only for healthcare professionals but also as a knowledge base for users families and carers Journal of Rehabilitation Medicine Marcia Scherer s book is timely ambitiously thorough and provides a framework for understanding complex needs and their rehabilitation Assistive Technologies and Other Supports for People with Brain Impairment is to my mind the first book of sufficient depth theoretical clarity and usefulness to be considerable as a textbook of this exciting field Neuropsychological Rehabilitation Dr Scherer provides a comprehensive and well integrated examination of disabilities associated with brain impairment and how to approach the use of adaptive technologies Journal of Technology in Human Services This book gives a clear and detailed overview of how the brain reacts to impairment and gives

illustrated examples of effective integration of AT into the lives of people with cognitive disability The resources referred to are primarily American but the principles are universal The Newsletter of the Australian Rehabilitation and Assistive Technology Association The author's strong and diverse experience in clinical research and technology has resulted in an important guide for practitioners families caregivers and persons with disability who are seeking assistive technology supports Brain Injury Professional Despite fast paced changes in both consumer technology and medical assistive technology the book is up to date incorporating discussion of the latest devices and approaches The writing is clear and the book is well organized with a substantial number of comprehensive tables and charts that make this a valuable reference work Cognitive and Behavioral Neurology Integrating current research with the experiences of people with cognitive disabilities this volume examines how assistive and cognitive support technologies are being harnessed to provide assistance for thinking remembering and learning The book vividly describes real life situations in which cognitively impaired individuals use assistive supports and the advantages and limitations these individuals perceive from their use It provides information on how cognitively impaired individuals and their families and caregivers can select the most appropriate technologies from a wide array of accommodations and resources including individualized protocols of different forms of support to facilitate optimal functioning The text offers practitioners a comprehensive and systematic process for ensuring their clients effective application and utilization of this technology This book will also provide insight for users of assistive technology and their families and caregivers to ensure optimal technology use Key Features Outlines an effective process for integrating assistive technologies into the activities and lifestyle of users with cognitive disabilities Explains how to match individuals with the most appropriate devices to enhance independent functioning Provides a detailed overview of neurological and physical characteristics of various cognitive disabilities present at birth or acquired through accident illness or aging Includes figures checklists assessment tools and illustrations throughout the text for enhanced learning

Advertising Strategy Tom Altstiel, Jean Grow, 2006 Advertising Strategy provides students with the experience of an actively teaching professor at one of the top advertising programs in the country and a working creative director agency principle Altstiel and Grow get right to the point by stressing key principles illustrating them and then providing practical information students and working professionals can use Unlike many books that focus on only work created for large consumer accounts by mega agencies this text also covers business to business in house and small agency work Key Features Up to date examples over half were produced in the last two years Writing for the Internet Interactive Marketing the most comprehensive and up to date general copywriting text that covers the Internet Diversity discussion a whole chapter is devoted to these issues plus examples and case histories related to issues of diversity are woven throughout the text War Stories the authors tracked down some of the hottest professionals in the business and their anecdotes bring real world experience into each chapter They are part case history part lessons to be learned and sometimes very funny Words of Wisdom timely quotes from some of the most

influential people in our business past and present These quotes bring key points to life in every chapter Who s Who short biographies of people mentioned in the book Located at the end of each chapter these blurbs sometimes include very personal information provided directly by these people
