

A vibrant promotional banner for Amazon Prime Day. The background is a bright blue sky with soft, white clouds. A large, multi-colored rainbow track curves across the top left and right sides of the image. Three small, smiling train cars are visible on the track. In the lower-left corner, a purple hot air balloon with a brown basket floats above a range of snow-capped mountains. The central focus is a large, light-green rectangular panel containing the event's text and a collection of product images.

their business In *Build Your Author Platform* The New Rules top literary agent Carole Jelen and tech expert Michael
McCallister apply their combined 35 years of expertise to outline 14 practical hands on steps to create a presence that will
produce high book sales and expanded audience From pre publication through book launch and beyond authors will learn
how to Define goals and a unique brand Employ successful website strategies content social presence media authority and
training Secure positive reviews Attract viewers efficiently without cost Filled with detailed lessons examples success stories
and techniques used by marketing departments at major publishers *Build Your Author Platform* is an indispensable guide for
anyone looking for insight into publishing promoting and marketing books

Amazon Paypal eBay Kiesha
Gayles, 2013-07-29 Amazon eBay and Paypal.com are giants in their own right These companies have brought unique
opportunities to everyone that has used their services or have been employed through them Ebay has grown and created new
avenues that many people are grateful and happy to have Paypal.com has assisted in creating a door for buyers and sellers
for the online shopping season Private purchases are more easy and has created a more direct approach to sending money
Amazon has broken and kicked in doors showing their dedication to the people's needs Amazon has serviced many areas of
people's needs online and have evolved into an online giant

Searches Vauhini Vara, 2025-04-08 From the author of *The
Immortal King Rao* finalist for the Pulitzer Prize a personal exploration of how technology companies have both fulfilled and
exploited the human desire for understanding and connection A MOST ANTICIPATED BOOK *The New York Times Esquire
Harper's Bazaar Foreign Policy Bustle Alta Ms Magazine Cultured Denizen Lit Hub Book Riot and Electric Literature* When it
was released to the public in November 2022 ChatGPT awakened the world to a secretive project teaching AI powered
machines to write Its creators had a sweeping ambition to build machines that could not only communicate but could do all
kinds of other activities better than humans ever could But was this goal actually achievable And if reached would it lead to
our liberation or our subjugation Vauhini Vara an award winning tech journalist and editor had long been grappling with

these questions In 2021 she asked a predecessor of ChatGPT to write about her sister's death resulting in an essay that was both more moving and more disturbing than she could have imagined It quickly went viral The experience revealing both the power and the danger of corporate owned technologies forced Vara to interrogate how these technologies have influenced her understanding of her self and the world around her from discovering online chat rooms as a preteen to using social media as the Wall Street Journal's first Facebook reporter to asking ChatGPT for writing advice while compelling her to add to the trove of human created material exploited for corporations financial gain Interspersed throughout this investigation are her own Google searches Amazon reviews and the other raw material of internet life including the viral AI experiment that started it all Searches illuminates how technological capitalism is both shaping and exploiting human existence while proposing that by harnessing the collective creativity that makes humans unique we might imagine a freer more empowered relationship with our machines and ultimately with one another

Creating Web Sites: The Missing Manual

Matthew MacDonald, 2005-10-26 Think you have to be a technical wizard to build a great web site Think again For anyone who wants to create an engaging web site for either personal or business purposes Creating Web Sites The Missing Manual demystifies the process and provides tools techniques and expert guidance for developing a professional and reliable web presence Like every Missing Manual you can count on Creating Web Sites The Missing Manual to be entertaining and insightful and complete with all the vital information clear headed advice and detailed instructions you need to master the task at hand Author Matthew MacDonald teaches you the fundamentals of creating maintaining and updating an effective attractive and visitor friendly web site from scratch or from an existing site that's a little too simple or flat for your liking Creating Web Sites The Missing Manual doesn't only cover how to create a well designed appealing smart web site that is thoroughly up to date and brimming with the latest features It also covers why it's worth the effort by explaining the rationale for creating a site in the first place and discussing what makes a given web site particularly aesthetic dynamic and powerful It further helps you determine your needs and goals and make well informed design and content decisions Creating Web Sites The Missing Manual includes a basic primer on HTML working with JavaScript and incorporating services like Paypal's shopping cart Amazon's associate program and Google AdSense and AdWords It delivers advanced tricks for formatting graphics audio and video as well as Flash animation and dynamic content And you'll learn how to identify and connect with your site's audience through forms forums meta tags and search engines This isn't just another dry uninspired book on how to create a web site Creating Web Sites The Missing Manual is a witty and intelligent guide for all of you who are ready to make your ideas and vision a web reality

Legal Pluralism in European Contract Law

Vanessa Mak, 2020-09-11 The relevance of contracting and self regulation in consumer markets has increased rapidly in recent years in particular in the platform economy Online platforms provide opportunities for businesses and consumers to connect with strangers often across borders trading products and services In this new economy platform operators create apply and enforce their own rules in their contractual

relationships with users This book examines the substance of these rules and the space for private governance beyond the reach of state regulation Vanessa Mak explores recent developments in lawmaking beyond the state with case studies focusing on companies such as Airbnb and Amazon The book asks how common values and objectives of EU law such as consumer protection and contractual fairness can be safeguarded when lawmaking shifts to a space outside the reach of state law

How to Self-publish and Market a Children's Book (Second Edition) Karen P Inglis, 2021-05-19 An indispensable easy to read resource from international bestselling children's author Karen Inglis A masterclass all wrapped up in a book Have you written a children's story that you can't find a home for Do you need help with your early self-publishing journey or with more advanced children's book publishing and marketing strategies Are you traditionally published but curious about other options If you answered yes to any of these questions you're in the right place How to Self-publish and Market a Children's Book Second Edition provides practical in-depth guidance and key strategies for self-publishing in print eBooks and audiobooks and for selling more children's books face to face and online After reading this book you will understand How you can self-publish your children's story at little or no cost Why print matters for children's self-publishing but why eBooks are also critical for marketing Why it's important to work with professional children's editors illustrators and cover designers and where to find them How to set up successful school visits and other events and how to plan and run virtual events Best practice and expectations for getting into bookshops Which tools and platforms can help with your book marketing including key strategies for Amazon ads and other advertising How to get reviews How to create and market children's audiobooks When and how to approach translation and foreign rights Options for upfront printing and who this is suitable for Where to find other self-publishers for ongoing support and advice Self-published international bestselling children's author Karen Inglis has sold over half a million children's books in print over 20 000 eBooks and over 8 000 audiobooks Her popular middle grade time travel adventure *The Secret Lake* is now in translation in nine languages and its long-awaited sequel 2022 has received glowing reviews and very strong early sales Karen's picture book *The Christmas Tree Wish* was shortlisted for the 2020 UK Selfies Award for best self-published children's book Her most recent picture book *The Tell Me Tree* has received praise from teachers and parents alike for helping children talk about their feelings and is being used in UK classrooms As well as writing for children Karen has over 30 years experience as a professional copywriter and writing training consultant Her ability to organise and explain topics in plain English won her praise and over 100 5 star reviews for the first edition of this book This expanded and updated edition for 2021 which now includes virtual events audiobooks foreign editions and detailed advertising strategies as well as more tools and platforms to help with your book marketing will not disappoint One reviewer described the first edition as A masterclass wrapped up in a book We think that pretty well sums up the second edition too With everything together in one place and a comprehensive table of contents to help you quickly find what you need How to Self-publish and Market a Children's Book Second Edition provides a powerful ready reference that you can

The Age of Extraction Tim Wu,2025-11-13 Today s dominant tech platforms manipulate attention extract wealth and deepen inequality we must take back control if we are to create a balanced economy that works for everyone A must read FINANCIAL TIMES Insightful CORY DOCTOROW author of Enshittification Essential reading KAREN HAO author of Age of Empire Our world is ruled by a handful of tech platforms They provide great conveniences and entertainment but also stand as some of the most effective instruments of wealth extraction ever invented seizing immense amounts of money data and attention from all of us An economy driven by tech and AI could enrich us yet it could also marginalize entire industries widen the wealth gap and foster a two class nation As technology evolves and our markets adapt can society cultivate a better way Is it possible to balance economic growth and egalitarianism or are we too late Tim Wu the preeminent scholar and former White House official who coined the phrase net neutrality tells the story of an internet that promised widespread wealth and democracy only to aid the spread of autocracy instead From generative AI and predictive social data to antitrust

and cryptocurrency Wu frames our current moment within key lessons from recent history And perhaps most importantly of all Wu envisions a future where technological advances serve the greatest possible good for everyone Concise and hopeful The Age of Extraction offers consequential proposals for reclaiming control to achieve better economic balance and prosperity for all A passionate call for a fairer economy DARON ACEMOGLU co author of Why Nations Fail A how to book on how we can achieve liberty MATT STOLLER author of Goliath

Book Wars John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks Book Wars provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries Like other sectors publishing has been thrown into disarray by the digital revolution The foundation on which this industry had been based for 500 years the packaging and sale of words and images in the form of printed books was called into question by a technological revolution that enabled symbolic content to be stored manipulated and transmitted quickly and cheaply Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways The book wars had begun While ebooks were at the heart of many of these conflicts Thompson argues that the most fundamental consequences lie elsewhere The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future
