looking for Kristina Thirty years earlier Larch first came to New York with a team of volunteers to save the city from rising waters and torrential storms Kristina was on the frontlines of a different battle fighting massive wildfires that ravaged the western United States They became part of a movement that changed the world The Great Transition forging a new society and finding each other in process Alternating between Emi s desperate search for her mother and a meticulously rendered heart stopping account of her parents experiences during The Great Transition this novel beautifully shows how our actions today determine our fate tomorrow **BAX 2016** Seth Abramson,Charles Bernstein,Tracie Morris,Jesse Damiani,2017-02-17 BAX 2016 Best American Experimental Writing is the third volume of this annual literary anthology compiling the best experimental writing in poetry fiction and creative nonfiction This year s volume guest edited by Charles Bernstein and Tracie Morris features seventy five works by some of the most exciting American poets and writers today including established authors like Sina Queyras Tan Lin Christian B k Myung Mi Kim Juliana Spahr Samuel R Delany and even Barack Obama as well as emerging voices Intended to provoke lively conversation and debate Best American Experimental Writing is an ideal literary anthology for contemporary classroom settings On Trails Robert Moor,2016-07-12 New York Times Bestseller Winner of the National Outdoor Book Award Winner of the Saroyan International Prize for Writing Winner of the Pacific Northwest Book Award The best outdoors book of the year Sierra Club From a talent who s been compared to Annie Dillard Edward Abbey David Quammen and Jared Diamond On Trails is a wondrous exploration of how trails help us understand the world from invisible ant trails to hiking paths that span continents from interstate highways to the Internet While thru hiking the Appalachian Trail Robert Moor began to wonder about the paths that lie beneath our feet How do they form Why do some improve over time while others fade What makes us follow or strike off on our own Over the course of seven years Moor traveled the globe exploring trails of all kinds from the miniscule to the massive He learned the tricks of master trail builders hunted down long lost Cherokee trails and traced the origins of our road networks and the Internet In each chapter Moor interweaves his adventures with findings from science history philosophy and nature writing Throughout Moor reveals how this single topic the oft overlooked trail sheds new light on a wealth of age old questions How does order emerge out of chaos How did animals first crawl forth from the seas and spread across continents How has humanity s relationship with nature and technology shaped world around us And ultimately how does each of us pick a path through life Moor has the essayist s gift for making new connections the adventurer s love for paths untaken and the philosopher s knack for asking big questions With a breathtaking arc that spans from the dawn of animal life to the digital era On Trails is a book that makes us see our world our history our species and our ways of life anew Still Learning to Read Franki Sibberson,Karen Szymusiak,2023-10-10 Authors Franki Sibberson and Karen Szymusiak are back with an updated version of Still Learning to Read Teaching Students in Grades 3 6 2nd Edition In the years since the first edition prevalence of testing and Common Core State Standards have redefined requirements and what is expected of both teachers and students This

new edition focuses on the needs of students in grades 3-6 in for the following areas: reading workshops, read alouds, classroom design, digital tools, fiction and nonfiction, and close reading. The authors examine current trends in literacy and introduce a new section on intentional instructional planning as well as a new chapter on scaffolding for reading nonfiction. Expanded examples of lessons and routines to promote deeper thinking about learning are also included. In *Still Learning to Read*, you'll also find online videos that provide insight into classrooms. Students make book choices, work in small groups, and discuss their reading notebooks. Finally, updated and expanded book lists, recommendations for digital tools, lesson cycles, and sections for school leaders round out this foundational resource.

Narratives of Pedagogical Development and Navigation of Educational Contexts Gierhart, Aaron R., 2025-06-19 Educators continually adapt and grow within the changing landscape of teaching and learning. As they respond to new challenges ranging from policy reforms and technological shifts to diverse classroom dynamics, they craft personal and professional narratives that reflect their pedagogical approaches. These stories reveal how teachers make sense of their experiences, negotiate their roles, and strive to meet the needs of their students within complex educational settings. Understanding these journeys may offer valuable insights into the ways educators learn, reflect, and transform their practices. *Narratives of Pedagogical Development and Navigation of Educational Contexts* explores various stories of pedagogy and teaching as a process of growth and change. It presents an alternative to traditional views of teaching as a profession, examining the social and political forces impacting education and highlighting the realities of teaching amidst various social challenges and political issues. This book covers topics such as sociology, teacher training, and education policy and reform, and is a useful resource for educators, sociologists, policymakers, academicians, researchers, and scientists.

Righteousness, Volume 2 Jeffrey J. Niehaus, 2023-10-19 The second volume of this three-volume work exegetes and comments on every occurrence of the Hebrew terms for righteousness in the Old Testament. It begins with a discussion of apperception and deductive method and concludes with an afterword on righteousness and ontology. The ontological argument affirms that God's aseity is the foundation of righteousness in the Bible, and thus of all true righteousness. Righteousness is being true to God, and God is always true to himself, including in his self-existence. Other terms in the righteous word group, such as righteous and justify, are considered along with the important word pair righteousness and justice in semantic domain studies. In the first three chapters, semantic domain studies show that terms like upright, blameless, and good are qualifiers of righteousness. Whatever the flavor or nuance of the terms for righteousness may be in different OT contexts, however, study shows that the underlying sense of righteousness is conformity to God's Being and doing, and the same is true of the righteousness of God.
