online **Mathematics for Elementary School Teachers** Tom Bassarear, 2001 The first and only text of its kind
Mathematics for Elementary School Teachers 2 e offers a comprehensive content approach designed to foster hands on
discovery based mathematics instruction Students first encounter new concepts through hands on activities in the
Explorations Manual enabling them to construct their own understanding of the material The text then serves as a resource
for further investigation explanation and clarification Unlike most texts which present exercises very similar to examples
Bassarear demonstrates how real life problems are generally complex and often filled with ambiguity Students learn that
there may be more than one way to find an answer and even more than one answer
