Return on Ideas David Nichols, 2008-05-23 Return on Ideas is a practical guide to getting more from the resources you put into your innovation process David Nichols clearly shows why current innovation funnel models stifle rather than encourage new ideas and offers a new methodology rocketing to tackle the problem The first book to look in detail at innovation as a business driving imperative Return on Ideas provides the tools techniques and processes to actually upgrade the way you tackle innovation illustrated with examples from innovative companies such as Yo Sushi Apple Vodafone Unilever P G Danone Amex and Ben Jerry s as well as unconventional sources such as theatre and comedy RETURN Dr. Ahuva Krell Goldenthal, 2010-11-08 Some people think that the more mature we get the easier we can bond with new friends Others believe that the older we get the more challenging relationships become With age we might be less flexible and more set in our ways Lonely people often tend to regress to their childhood years They become almost like children that seek their mothers nurturing and love By reaching out to others for attention or love we expect to get this nurturing feeling that we are seeking in return Those who accept and embrace certain realizations have a greater chance for long term success with partners friends and employers For an older person that has a possessive jealous streak could be challenging meeting new friends It is always better to choose compatible friends to communicate and spend quality time with Boring and nosy friends are nothing more than a disaster in a friendship Try to get along with relatives and neighbors If you find it difficult change sceneries meet new people in your community take a walk in a park enjoy nature and meet other nature lovers The Return Trip Maya Golden, 2023-11-14 At age 30 Maya Golden was living a charmed life She was an award winning sports reporter a loyal wife and a new mom Privately she was battling addiction perfectionism dissociation disorders and rage due to sexual abuse endured at the hands of her cousin and many other predators But Maya wants to change So on a family road trip back to her Texas hometown she is ready to put an end to the secrets that threaten her marriage and her career Three separate moments of divine intervention ultimately saved Maya s life From a suicide plan to the treatment facility to launching a non profit organization Maya s story chronicles and dissects her journey to find purpose out of the trauma

Franklin,2005 It s a story of a professional gardener s son living quite comfortably up until the time of England s general strike The duration of one year was just too much for the average family which left my parents practically penniless When the strike started in late November 1926 it also put my father on the dole The impossible task which was beyond his capabilities created the loss of his job He was told of additional duties he was to perform and he refused The labours of a gardener to provide for 300 plus is a full time job in itself but the addition of being a chauffeur upon demand and to be a waiter at the evening dinner table was far more than anybody should be asked to do Christmas 1927 we were poor with hardships occurring during the ensuing years before the war In 1939 the war appeared imminent so I became a part of the RAF reserve as a storekeeper and shortly afterwards was mobilized on September 2 1939 Such episodes as the Brize Norton Bombing are detailed along with other events which transpired After I was posted to a mobile squadron 242 Hurricane we were shipped to an unknown destination We became part of the allied force in the Dutch East Indies followed by the Dutch Capitulation to become prisoners of war to the Japanese which led to atrocities in four labour camps then into Fukuoka 2 Nagasaki Slavery greatly reduced our anatomies to skeletons myself to 84 lbs Of all the red cross parcels shipped to us we saw very little of their contents The A Bomb or Fat Boy was our salvation It saved invasion and the massacre of the POW s On the way home we still faced dangers at sea mines and typhoons Here my faith was to prevail Family reunions and rehabilitation was painful and hard Finally I answered the requests of the Canadian government seeking tradesmen After complying with all the requirements of immigration my family was accepted I can only say I have given my best but I deplore the actions of many Canadians who have become gullible to many devices
