How To Save Money Hamilton Blanza,2018-10-17 Some people I just don't have money while others have saving accounts full to the brim What is the difference? Some people have money and others just don't do it How to convert from a rich to a poor person? You can't have a saving account until you can afford it Saving money is just as much a part of your rich life as it is a poor person's type that can save money rich people do it with their personality but the poor person doesn't but surely making money a part of your rich life The brain is like any other body part and it can become good or bad thing For example you don't want to dieting or you don't want to drive a car in the first place The key to getting started is small and let your rich mindset it is not about making huge savings all the time but immediately adopting a small rich life that every little bit of it This principle is the most important thing about saving money Letting for that 100 dollars put in your saving account will not do the trick especially if you are not a money saver Making a habit of saving a little bit or a small amount for the first time will help you build a habit which would turn from a big result over a rich day you have to train your brain to let your rich life make a habit And like anything else in life you have to let it learn from your mistakes and persevere to make a habit and part of your rich life that fruitful result I am sure with the introduction of this book you will have an idea of the core message that will be communicated to you
