Liu, 2013-12-26 The Bible prophesies the Queen of the South will rise at the judgment but did not give her name or any other detail about her The Queen of the South in Matthew 12:42 authored by Soleilmavis Liu is a strong and well reasoned piece that demonstrates who the Queen of the South is by using plenty of historical facts It lets readers understand where the Ends of the Earth are how the Queen of the South will come from the Ends of the Earth and what the judgment is Ultimately readers will come to know God's great plan regarding the Queen of the South However Satan and his followers will persecute her Soleilmavis hopes that her presentation sheds new light on this important person who will play a decisive role in the history This book is a step in that direction

Eurasian Philosophy and Quantum Metaphysics Juan Valdez, 2019-01-15 Eurasian Philosophy and Quantum Metaphysics Theology Reconsidered By Juan Valdez The science of our modern age is able to neither address nor solve our current global problems Author Juan Valdez believes we should study humanity's ancient wisdom and philosophy texts to develop a new intellectual paradigm that can respond and support our current needs Eurasian Philosophy and Quantum Metaphysics Theology Reconsidered is an in depth study of the origins and meanings of ancient philosophies before they were fractured into mythology and religions and attacked by modern science Beginning with creation mythology in Eurasia through the development of philosophical thought to the Scientific Revolution to our own

modern Quantum Era the progression and abandonment of ancient wisdom is carefully studied Valdez reviews and analyzes the ancient texts themselves to understand what they truly say and not what later historians have said about them The Indo Aryan Vedas the Torah Rene Descartes Discourse on the Method and Principles of Philosophy Neils Bohr s Atomic Theory and more are all respectfully and critically assessed As enlightened as we may consider ourselves Valdez calls attention to how limited modern thought has become By reviewing past wisdom we can not only rediscover the roots of modern thought but place Wisdom itself at the top of intellectual pursuits Eurasian Philosophy and Quantum Metaphysics Theology Reconsidered is a rich and nuanced study on how humanity has thought of itself *Language and State* Xing Yu,2021-12-21 *Language and State* A Theory of the Progress of Civilization Second Edition argues that the state takes form because of language It argues that since humans began to use language they have been able to create and use media Media include materials human behavior human consciousness and humans themselves Media extend the distance of linguistic communication and then humans interact with one another on a large scale and form themselves into a large community This leads to the formation of the state and the dissolution of tribes Linguistic communication then structures human interactions in the formation of the state Humans exchange information with one another give interpretations display attitudes and make promises to one another They even allow for one person to issue commands to all others Humans organize the state in various types of linguistic interaction which further create a condition for the formation of the common interest of all a foundation for the building of the state Then humans rationalize the organization of the state in extending the distance of linguistic communication Humans realize freedom equality peace democracy and justice in their mutual linguistic interactions Language gives origin to the state and sustains the development of the state Language has preset the whole process of the progress of human civilization **Encyclopedia of Library and Information Science** Allen

Shiyuan Hao,2019-10-11 This book focuses on the global issue of ethnic problems and examines the theory and practice of how China addresses its ethnic problems from a macro perspective following the guidelines formulated by the working conference on ethnic affairs of the Central Committee of Chinese Communist Party in 2014 Based on comparative and empirical studies it also analyzes specific solutions to ethnic problems in contemporary China such as how the country has succeeded in redressing material inequalities among different ethnic groups allowing these groups to share in the country s

development and gain recognition and acceptance **The Paper Trail** Alexander Monro, 2016-03-22 A sweeping richly detailed history that tells the fascinating story of how paper the simple Chinese invention of two thousand years ago wrapped itself around our world humankind's most momentous ideas imprinted on its surface The emergence of paper in the imperial court of Han China brought about a revolution in the transmission of knowledge and ideas allowing religions philosophies and propaganda to spread with ever greater ease The first writing surface sufficiently cheap portable and printable for books pamphlets and journals to be mass produced and distributed widely paper opened the way for an unprecedented ongoing dialogue between individuals and between communities across continents oceans and time The Paper Trail explores how the new substance was used to solidify social and political systems that influenced China even into our own time We see how paper made possible the spread of the then new religions of Buddhism and Manichaeism into Japan Korea and Vietnam how it enabled theologians scientists and artists to build the vast and signally intellectual empire of the Abbasid Caliphate and embed the Koran in popular culture how paper was carried along the Silk Road by merchants and missionaries finally reaching Europe in the late thirteenth century and how once established in Europe along with the printing press paper played an essential role in the three great foundations of Western modernity the Renaissance the Reformation and the Scientific Revolution Here is a dramatic comprehensively researched vividly written story populated by holy men and scholars warriors and poets rulers and ordinary men and women an essential story brilliantly told in this luminous work of history **An Economic Inquiry into the Nonlinear Behaviors of Nations** Rongxing Guo, 2017-02-06 This book applies an economic approach to examine the driving forces behind the dynamic behaviors of developing nations Taking into account initial conditions and environmental and external factors often oversimplified by historians and anthropologists Guo finds that the rise and fall of civilizations and nations followed an anti Darwinian process physical weakness rather than strength induced humans to adapt Cultures facing unfavorable physical and environmental conditions developed complex societies to overcome these challenges while favorable conditions did not incentivize major economic and cultural change Over centuries of economic growth and development nations and civilizations adaptive behaviors have followed a cyclical path at both the country level and in an international context This interdisciplinary book incorporates elements of history anthropology and development into an astute economic analysis that changes the way we think about the origins and evolutions of civilizations

An Introduction to Language and Linguistics Ralph W. Fasold, Jeff Connor-Linton, 2014-09-04 This work offers an introduction to the traditional topics of structural linguistics theories of sound form meaning and language change and also provides coverage of contextual linguistics including chapters on discourse dialect variation language and culture and the politics of language Hmong Refugees in the New World Christopher Thao Vang, 2016-02-03 Almost no one in the West had heard of the Hmong before National Geographic ran a cover story on the Southeast Asian ethnic group that had allied with the United States in the Vietnam War and few knew of them before their arrival in the U S and other Western nations in

1975 Originating in China centuries ago they have been known by various names Miao Meo Miaozi Meng or San Miao some of them derogatory The Hmong in the West are war displaced refugees from China and Laos though they have been misidentified as belonging to other ethnic groups This mislabeling has caused confusion about the Hmong and their history This book details the history of the Hmong and their journey from Eastern to Western countries providing a clear understanding of an immigrant culture little understood by the American public Instructors considering this book for use in a course may request an examination copy here [China's Cosmological Prehistory](#) Laird Scranton, 2014-08-22 An examination of the earliest creation traditions and symbols of China and their similarities to those of other ancient cultures Reveals the deep parallels between early Chinese words and those of other ancient creation traditions such as the hieroglyphics of ancient Egypt Explores the 8 stages of creation in Taoism and the cosmological origins of Chinese ancestor worship the zodiac the mandala and the I Ching Provides further evidence that the cosmology of all ancient cultures arose from a single now lost source Building on his extensive research into the sacred symbols and creation myths of the Dogon of Africa and those of ancient Egypt India and Tibet Laird Scranton investigates the myths symbols and traditions of prehistoric China providing further evidence that the cosmology of all ancient cultures arose from a single now lost source Scranton explores the fundamental similarities between the language that defined ancient Chinese cosmology and that of other creation traditions revealing the connections between the phonetic structure of the words their glyphs and their use He demonstrates striking parallels between the earliest systems of writing in China and the hieroglyphs of ancient Egypt He examines the 8 levels of creation in Taoism and the cosmological origins of Chinese ancestor worship mythical emperors the zodiac the mandala and the I Ching He details the fundamental principles of land use in ancient China in relation to the symbolism of a Buddhist stupa and the Dogon granary ritual shrines that are also the central symbol of other creation traditions Understanding the true meanings of these symbol complexes also reveals the sophisticated scientific understanding of these ancient cultures for these creation symbols directly correlate with our modern understanding of atoms and the energetic makeup of matter In exploring Chinese cosmological traditions Scranton sheds new light on the contention that the sacred knowledge of the ancients is the legacy of an earlier culture who gave primitive humanity the tools they needed to birth the first known civilizations **Science and Technology in World History** James Edward McClellan, Harold Dorn, 2006 Publisher description **Origins of the Minor Arcana** Ben Hoshour, 2020-06-12 Origins of the Minor Arcana the first volume in the Learn Authentic Tarot series presents the true story behind the ancestry of the Tarot's much neglected Minor Arcana which is to be found in the symbolism culture and gaming traditions of Asia and the Middle East In doing so it abolishes the numerous occult myths surrounding the Tarot that have been promulgated from the late 18th century right up to the present day Origins of the Minor Arcana provides a new foundation by which to understand the development of the Tarot one grounded in historical scholarship and careful research Set against the backdrop of humankind

as Homo symbolicus symbolic man and Homo ludens playful man this volume illustrates how the gradual evolution of symbolic expression together with the integral nature of play in human culture ultimately led to the invention of playing cards and their transmission across the Eurasian landscape and into Europe These early ancestors served as the foundation for the creation of all European playing cards including the Tarot and are the source of its four suit system Lavishly illustrated and beautifully presented this volume contains a sizable collection of stunning color photos including a full presentation of the Tarot's direct ancestors the Chinese Money cards and the Mamluk deck Heavily researched but eminently readable this scholarly account of the Tarot's Minor Arcana is the definitive work on the early formative history of the Tarot
