consulting and teaching around the world Simon and Fassnacht cover all aspects of pricing following the price management process with its four phases strategy analysis decision and implementation Thereby the authors take into account the nuances across industry sectors including consumer goods industrial products services and trade distribution In particular they address the implications of technological advancements such as the Internet and new measurement and sensor technologies that have led to a wealth of price management innovations such as flat rates freemium pay per use or pay what you want They also address the emergence of new price metrics Big Data applications two sided price systems negative prices and the sharing economy as well as emerging payment systems such as bitcoin The result is a bible for leaders who recognize that price is not only a means to drive profit in the short term but a tool to generate sustained growth in shareholder value over the longer term and a primer for researchers instructors and students alike Praise for Price Management This book is truly state of the art and the most comprehensive work in price management Prof Philip Kotler Kellogg School of Management Northwestern University This very important book builds an outstanding bridge between science and practice Kasper Rorsted CEO Adidas This book provides practical guidelines on value creation communication and management which is an imperative for businesses to survive in the coming era of uncertainty Dr Chang Gyu Hwang Chairman and CEO KT Corporation Korea Telecom

The Ridiculously Simple Guide to Apple Watch Series 4 Scott La Counte, 2019-10-19 The stage was set in September 2018 It was iPhone s big event The day where journalist and Apple fans alike lusted over the latest and greatest iPhone But a funny thing happened on the way to the announcement Apple Watch Series 4 took everyone s breath away The Apple Watch has of course been around for three years and seen several updates But 2018 was different the watch was finally ready for the masses This wasn t a watch for early adopters or fitness buffs this was the watch your parents and grandparents would get behind In addition to all the great features Apple Watch has always had series 4 is slimmer yet with a screen that is somehow bigger has optional cellular for making phone calls and streaming music without your phone and drop detection so if you fall and can t get up the fire department is dispatched to your location Everything about it was designed to motivate you to be more active As amazing as all the new features are it s not quite as easy to use as an iPhone the lack of buttons the smaller screen and general UI can make a frustrated initial experience The point of this book is to help new Apple Watch users and users updating to Watch OS 6 from an older device get the most out their investment Are you ready to start enjoying your new Apple Watch Then let s get started Note This book is not endorsed by Apple and should be considered unofficial

Getting Price Right Gerald Smith, 2021-10-12 Winner 2022 Leonard L Berry Marketing Book Award American Marketing Association How do leaders managers and proprietors go about the essential task of setting prices What biases enter into this process and why How can a business debias its price setting to become more productive strategic and profitable Combining perceptive insights from behavioral economics with leading edge ideas on price management this book offers a new approach to pricing Gerald Smith demonstrates why understanding

reframing and refining everyday pricing processes a firm's or manager's pricing orientation results in a better long term pricing strategy He explores how pricing actually happens in practice and shows how to identify and remove the psychological blinders that cause suboptimal decisions and policies Smith details how to improve pricing orientation by combining the soft behavioral skills that intuitively shape and refine pricing practice with the hard analytic skills that guide and structure pricing strategy The result is more rational and more profitable pricing with respect to not only revenue and profitability but also employee productivity and customer satisfaction Offering an accessible and actionable model Getting Price Right is the first book to apply behavioral economics to managerial price setting It is a must read for corporate business leaders thought leaders and professionals interested in advances in pricing and for managers entrepreneurs proprietors and small and midsize business owners whose everyday work involves pricing
