Harvey, Deborah L. Parry, 1992 The Jasper Love Trilogy Onyx Cantor, 2020-03-02 This is the story of one man s triumph over Cult Religion As a preacher s son Jasper Love struggled to comply with the dogma and bigotry of the unpredictably changeable Doctrine of Good Enough dictated by Cult Religion He and four sisters labored to comply with cult demands consistent with their mother s mantra People expect preacher s kids to be perfect The Voice of Truth bestowed on Jasper as a child in a genuine salvation encounter with Jesus Christ conflicts with voices of deception from pulpits and pews triggering crippling anxiety depression and suicidal ideation Further compounding his confusion is a terrifying awareness of the cult s distortion of scripture concerning his innate identity When a Connecticut preacher detects his private struggle the Bible scholar promises If you marry a good Pentecostal girl this thing will just fade away Jasper foolishly accepts the challenge believing that the pastor s counsel is based on Truth A 32 year battle ensues during which a Pentecostal preacher s daughter who aware of his struggle and trained in Exploitation of Advantage manipulates and controls the miserable husband who

strives to suppress and conceal an innate identity which simply won't leave me alone. Cultists despise his genuine relationship with God when the Holy Spirit weakens the tenacious grasp of the anti-Christ's claim on his soul, rescuing him from abominable doctrines through Spiritual Enlightenment. To Truth Absolute, Spiritual Warfare ensues during which he is molested by authority figures betrayed by cult dishonesty, falls into sin, is attacked by demons, and is delivered by the Holy Ghost through visions of spiritual combat between the demons of Cult Religion and the Angels of Truth. In the end, his foolish attempt to conform with the Doctrine of Good Enough predictably results in the destruction of everything he wasted a lifetime building: marriage, family, home, career, material wealth, and reputation. Yet in losing all, he is delivered from the Darkness of cult idolatry, whereupon he is finally free to immerse himself in genuine Truth, Light, and Love, breaking the tyrannical chains of Cult Religion. Released by the Holy Spirit from cult bondage, he is at last unleashed to fulfill his destiny. To teach the Truth about Jasper Love, that boundless unconditional love known only to those who genuinely experience Spiritual Enlightenment, to a people deceived by the hateful harlots of idolatry who are nothing more than power-crazed, authoritarian, self-aggrandizing, despotic anti-Christ heretics who worship only one god: CONTROL. *Plain Dealing*

 excellent for use as a text in information assurance or cyber security courses. I strongly advocate that professors examine this book with the intention of using it in their programs. Computing Reviews.com March 22, 2007. The book is written as a student textbook but it should be equally valuable for current practitioners. This book is a very worthwhile investment. Homeland Security Watch August 17, 2006. While the emphasis is on the development of policies that lead to successful prevention of terrorist attacks on the nation's infrastructure, this book is the first scientific study of critical infrastructures and their protection. The book models the nation's most valuable physical assets and infrastructure sectors as networks of nodes and links. It then analyzes the network to identify vulnerabilities and risks in the sector, combining network science, complexity theory, modeling, and simulation and risk analysis. The most critical components become the focus of deeper analysis and protection. This approach reduces the complex problem of protecting water supplies, energy pipelines, telecommunication stations, Internet and Web networks, and power grids to a much simpler problem of protecting a few critical nodes. The new edition incorporates a broader selection of ideas and sectors and moves the mathematical topics into several appendices. **The Weekly Underwriter**, 1893
