The rules of book marketing are changing and the traditional rules of book marketing no longer apply. A new era of marketing books is upon us: an approach in which authors are authenticity engaging their audiences. But how do you start? Today's mega success authors are no longer writers but they are entrepreneurs who expertly work a strategy which leverages the power of social media, search engine optimization, SEO, advertising, speaking, bookstore signings, and a combination of other programs that are incredibly rewarding to the author. Every author wants a roadmap or a step by step guide for a successful book launch. To book marketing professionals in large publishing houses, this is the Holy Grail so they can repeat the success of their last book launch campaign. With this system, you will no longer have the guesswork associated with which marketing programs to run for a successful launch of your book. Bryan Heathman has managed hundreds of book marketing campaigns and scientifically created a repeatable 15 week system to promote non-fiction books. Bryan's approach to book marketing in this book was inspired by running massively successful campaigns which have resulted in New York Times best sellers, Wall Street Journal best sellers, Amazon 1 best sellers. Trust the system and eliminate the guesswork as you work towards your 1 best selling book. Secrets to Pricing and Distribution
