American Agriculturist ,1896 **The ESC Textbook of Heart Failure** ,2024-02-16 The ESC Textbook of Heart

Failure is the latest addition to the European Society of Cardiology ESC publications portfolio and is fully supported by the European Heart Failure Association. The textbook brings together internationally renowned experts in the field of heart failure to present an up to date understanding of all aspects of this chronic condition that worsens with time. It is estimated that the worldwide population of patients suffering from heart failure is approximately 26 million. This clinically oriented work reflects contemporary European guidelines from the ESC and the European Heart Failure Association and summarizes the latest evidence from clinical trials. Made up of eighteen different sections, the textbook covers the epidemiology, etiology, prevention, pathophysiology and clinical phenotypes of heart failure. The assessment and management of chronic, acute and advanced heart failure are all discussed in detail. As well as chapters dedicated to self care and patient education, the multidisciplinary approach to heart failure management and clinical trial design and interpretation. The future direction of the field is discussed throughout with separate chapters on digital health, big data and telemedicine. Remote monitoring in heart failure also included. A must read for cardiovascular healthcare specialists in Europe and across the world, it should also appeal to those in training, general physicians and those caring for the elderly, cardiothoracic surgeons, primary care doctors and specialist nurses too. *InfoWorld*, 1983-06-20.
