End of an Era Carl Minzner, 2018-02-01 China's reform era is ending Core factors that characterized it political stability ideological openness and rapid economic growth are unraveling Since the 1990s Beijing's leaders have firmly rejected any fundamental reform of their authoritarian one party political system and on the surface their efforts have been a success But as Carl Minzner shows a closer look at China's reform era reveals a different truth Over the past three decades a frozen political system has fueled both the rise of entrenched interests within the Communist Party itself and the systematic underdevelopment of institutions of governance among state and society at large Economic cleavages have widened Social unrest has worsened Ideological polarization has deepened Now to address these looming problems China's leaders are progressively cannibalizing institutional norms and practices that have formed the bedrock of the regime's stability in the reform era End of an Era explains how China arrived at this dangerous turning point and outlines the potential outcomes that could result

The Social Media Revolution Jarice Hanson, 2016-05-23 Social media shapes the ways in which we communicate think about friends and hear about news and current events It also affects how users think of themselves their communities and their place in the world This book examines the tremendous impact of social media on daily life When the Internet became mainstream in the early 2000s everything changed Now that social media is fully entrenched in daily life contemporary society has shifted again in how we communicate behave as consumers seek out and enjoy entertainment and express ourselves Every one of the new applications of social media presents us with a new way of thinking about the economy that supports technological development and communication content and offers new models that challenge us to think about the economic impact of communication in the 21st century The Social Media Revolution examines the tremendous influence of social media on how we make meaning of our place in the world The book emphasizes the economic impacts of how we use the Internet and World Wide Web to exchange information enabling readers to see how social media has taken root and challenged previous media industries laws policies and social practices Each entry in this useful reference serves to document the history impact and criticism of every subject and shows how social media has become a primary tool of the 21st century world one that not only contributes to our everyday life and social practices but also affects the future of business The coverage of topics is extremely broad ranging from economic models and concepts relevant to social media such as e commerce crowdfunding the use of cyber currency and the impact of freeware to key technologies and devices like

Android and Apple iOS apps the cloud streaming and smartphones and tablets to major entrepreneurs inventors and subjects of social media such as Julian Assange Bill Gates Steve Jobs Marissa Mayer Edward Snowden Steve Wozniak and Mark Zuckerberg

News Literacy and Democracy Seth Ashley, 2019-10-14 News Literacy and Democracy invites readers to go beyond surface level fact checking and to examine the structures institutions practices and routines that comprise news media systems This introductory text underscores the importance of news literacy to democratic life and advances an argument that critical contexts regarding news media structures and institutions should be central to news literacy education Under the larger umbrella of media literacy a critical approach to news literacy seeks to examine the mediated construction of the social world and the processes and influences that allow some news messages to spread while others get left out Drawing on research from a range of disciplines including media studies political economy and social psychology this book aims to inform and empower the citizens who rely on news media so they may more fully participate in democratic and civic life The book is an essential read for undergraduate students of journalism and news literacy and will be of interest to scholars teaching and studying media literacy political economy media sociology and political psychology

Breaking Good News David P. Bodanza, 2015-09-09 The news is dominated by reports of inhumanity and tragedy Things seem to go from bad to worse and hope is hard to find What is wrong with the world Despite technological progress humanity cannot overcome the senseless strife that plagues every generation Into this world comes good news that shines so bright it turns the night sky into daylight The good news is God news God the Father so loved the world that He sent His one and only Son Jesus to rescue us from sin and eternal punishment Many Christians know this good news but keep it to themselves Yet the good news is too good to not share Bodanza gives us an example of sharing the good news from his weekly column in a hometown newspaper Use it to speak boldly or give it to another to read The gospel message is timeless and speaks to the ultimate issue of our lives

Good News of the Day Johann Snyder, 2013-07-12 Drawing illustrations from pop culture current events and personal experiences Yo Snyder shares biblical truths in a fresh and intriguing manner in this unique daily devotional The positive approach of his writing makes for a very compelling read that causes readers to develop a daily connection with God that will help them in all the circumstances of life Easy to read and user friendly Yo s writing will stir people s hearts and bring encouragement and inspiration into their daily lives The Good News of the Day The book is filled with personal illustrations examples from movies and video games and other pop culture media to emphasize the truths of God s Word It offers biblical encouragement that is inspired by daily life

ValueWeb Chris Skinner, 2016-01-15 The Internet of Things is all about machines trading with machines your fridge orders groceries your car fuel your television entertainment and so on However machines cannot trade with machines if it s expensive and slow Would you really want your TV to order the next season of Games of Thrones if the payment took ten days and cost 25 or more Unfortunately with the way the bank system works today that is the problem we face today As a result we need an Internet of Value to work with

the Internet of Things The Internet of Value or ValueWeb for short allows machines to trade with machines and people with people anywhere on this planet in real time and for free Using a combination of technologies from mobile devices to bitcoin and the blockchain fintech firms are building the ValueWeb The question then is what does this mean for financial institutions governments and citizens This book provides the answers *Strategic Retail Management and Brand Management* Doris Berger-Grabner,2021-10-25 The retail industry and associated business models have gone through a significant phase of disruption The rapid emergence of new technologies digital business models and the evolution of social media platforms as a new sales channel continue to influence the sector Key contextual or external trends will affect and shape the retail landscape in the years to come Therefore it seems important to prepare for this situation and be ready with a head start in terms of knowledge This textbook provides its readers basic knowledge about the national and international retail sector and gives important insights into trends and developments It deals with key trends in particular new patterns of personal consumption evolving geopolitical dynamics technological advancements and structural industry shifts Moreover it explains why it is so important that retailers use these trends adapt their retail strategies and tactics create strong brands and come up with innovative new ways of doing business Today we are living in a challenging time for retail This textbook tries to give insights and explanations to better understand these challenges and provide managerial implications **The Time of Your Later Life** Dr Declan Lyons,2018-06-18 The Time of Your Later Life is a guide to help older people explore new possibilities and write new life narratives in the process of growing older It is an interpretation of some of the key events of the year seen through the eyes of a middle ager who happens to work as a psychiatrist for older people and who actively aspires to be a thriving older person The book reminisces recalls reinterprets and explores the themes and circumstances of the year based on a journey through the seasons It consists of 52 essays one for each week of the year exploring ThemesFestivalsRitualsOpportunities With observations and wry perceptions challenging the reader to do more and get more out of life The intended audience for this book is the 16 per cent of the Irish population aged 65 and older but also middle agers approaching this age category as well as friends family members and supporters of older people irrespective of age in other words all of us *Measuring the Impact of Online Media on Consumers, Businesses and Society* Kejo Starosta,2022-03-02 This empirical thesis analyses the impact of sentiments in online media on consumers businesses and society as a whole and how knowledge of these correlations can be used in a variety of applications The results show that the sentiment data can be employed in a variety of ways functioning as an interesting new explanatory variable to complement and approximate survey data in areas such as tourism demand consumer confidence and many more In particular the cross country sentiment analysis reveals compelling information on media biases the reporting on alternative truths and countries as a filter bubble In addition to quantitative comparisons the descriptive statistics reveal important information on the sentiment developments across countries While this research is able to provide interesting findings for real world

applications for consumers businesses and society the awareness of a media landscape that is heavily and increasingly dominated by negative news is particularly striking Thus in addition to the actual applications above all the thesis shows the media landscape in which everyone must act in the future

Holidays and Rituals of Jews and Christians Rev. Dr. Salatiel Sidhu, 2013-02-05 If you want to know the heart and soul of a religion learn of its holidays Holidays were originally holy days the days set apart for to focus entirely on religious events and considerations In this book Dr Sidhu puts his years of study and research to use providing both the followers of these religions and those who stand outside these faiths with a look into the heart of Judaism and Christianity through their holidays rituals and customs Providing both the religious and the secular roots of these two kindred religions he guides the reader through the history and evolving importance of holidays and rituals in the lives of believers and the world as a whole as the originally unique practices of faith have been adopted and transformed for secular purposes Business national holidays regional celebrations and festivals all have taken Jewish and Christian times of worship and turned into something quite different In turn Christianity and Judaism themselves have been transformed by adapting religious practice

to make use of their followers evolving cultural inclinations This is a fascinating informative and entertaining explanation of what sets Judaism and Christianity apart in the religions and history of the world There is information and food for thought for a devoted follower of these religions as well as for those who stand outside these faiths and desire to understand them better Dr Lee A Brewer Ph D Pastor Glenmont United Methodist Church Silver Spring Maryland 20906
