Prime Big Deal Days Near Me:

Bigger Deal Anthony Holden, 2007-05-08 In the years since Anthony Holden wrote his classic memoir Big Deal the poker world has changed beyond recognition When Holden played in the 1988 World Series of Poker there were 167 starters competing for a prize of 270 000 Since then poker has become the world s largest single competitor sport at the 2006 World Series there were almost 9 000 players and a first prize of 12 million the richest in any sport What happened in the years between Big Deal and Bigger Deal could never have been predicted the Internet and television sparked a worldwide explosion in the popularity of poker one that shows no sign of abating Poker even has a respectable image these days much to the disgust of die hard players Gone are the seedy rooms of the Horseshoe you can t even smoke at the table and you re more likely to find yourself head to head with a film star than an ex con in Las Vegas With the future of online poker now legally endangered in the United States Holden s vision of the poker boom comes at a critical moment in the game s history In Bigger Deal Holden is your guide to the world of the new poker to the players who dominate the modern game and the personalities behind the multibillion dollar business it has become as he tries once again to win the world title After all as Telly Savalas once reminded Holden a million dollars is never irrelevant Not to mention twelve **Maximizing Saving**

Founders at Work Jessica Livingston,2008-11-01 Now available in paperback with a new preface and interview with Jessica Livingston about Y Combinator Founders at Work Stories of Startups Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days These people are celebrities now What was it like when they were just a couple friends with an idea Founders like Steve Wozniak Apple Caterina Fake Flickr Mitch Kapor Lotus Max Levchin PayPal and Sabeer Bhatia Hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company Where did they get the ideas that made them rich How did they convince investors to back them What went wrong and how did they recover Nearly all technical people have thought of one day starting or working for a startup For them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it s done But ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence The reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy How What are the secrets that make successful startups so insanely productive Read this book and let the founders themselves tell you

The French Betrayal of America Kenneth R. Timmerman,2005-03-22 Can we trust France Apparently not After more than 200 years of shared history and interests the U S France marriage looks as if it s ending in an acrimonious divorce Here is the shocking insider account In the wake of French behavior at the United Nations where Foreign Minister Dominique de Villepin systematically undermined the efforts of Secretary of State Colin Powell to convince the Security Council to authorize force against Iraq Americans have at best come to suspect our ally of double

dealing and at worst come to view them as the enemy Almost daily over the past year new stories have emerged of how the government of French President Jacques Chirac has sought to undermine the U S war on terror publicly sniping at America and inciting other countries to do the same What s wrong with France What s behind their recent perfidy According to bestselling author Kenneth R Timmerman the American public doesn t know half the story After they read *The French Betrayal of America* American anger at France will turn to outrage Timmerman who worked as a journalist in France for eighteen years and knows the players on both sides lifts the veil of Jacques Chirac s scandalous love affair with Saddam Hussein beginning in 1975 when he took him on a tour of top secret French nuclear facilities The French attitude toward the dictator which seemed to baffle American politicians was in fact entirely predictable Put bluntly it was all about money oil and guns Chirac needed Saddam s oil and Saddam s money and Saddam needed French weapons and French nuclear technology Despite this the relationship between France and America was not only amicable but at times very mutually beneficial That was until the most recent war on Iraq where France turned the tables engaging in dirty diplomacy and helping to sway other European countries to their side French war coverage was not merely one sided It was viciously inaccurate skewed and openly anti American Timmerman also presents incredible new evidence of France s duplicity including the fact that the French stood to gain 100 billion from secret oil contracts they had concluded with Saddam Hussein *The French Betrayal of America* raises questions of whether the nuclear cooperation agreements still in force with the French today should be canceled in light of France s behavior Our security interests no longer converge and our economic systems increasingly appear to be at loggerheads The war in Iraq harshly exposed French treachery and their desire to do business with the worst of international tyrants putting their economy their international standing and their relationship with a 200 year old friend in severe jeopardy

Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Prime Big Deal Days Near Me books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Prime Big Deal Days Near Me books and manuals is Open Library. Open Library is an initiative of the

Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Prime Big Deal Days Near Me books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
