Subcommittee on Science, Research, and Technology, 1977 Higher Education and Scientific Research in the Arabian Gulf States Abdellatif Sellami, Khalid Arar, Rania Sawalhi, 2022-11-29 This book takes a closer look at the relation between current issues and trends in higher education and scientific research in the Arab World and in the Gulf Cooperation Council GCC states of Qatar and United Arab Emirates UAE. This thoroughly researched text traces the development of higher education in the GCC area as it continues to be positioned in an intersection of international and local factors. The text further articulates the pivotal political and cultural influences that act as real and perceived barriers towards the advancement of key fields. The chapters analyze the current policy trends, structures, and coping alternatives in addressing higher education challenges whilst also providing comparative first-hand texts with the other Arab states in the region. By drawing focus on the GCC area, the text identifies the crucial factors that hamper learning and research performance. The book serves as an invaluable discussion on the implications for policy makers and HEIs in relation to the eponymous regions and other Arab states in the GCC area. Enhancing understanding of the scope, scale, and complexity of higher education and scientific research in the GCC area, the book will be of interest to academics, researchers, and post-graduate students in the fields of educational policy, comparative and international education, and higher education.
