Far-Right Newspeak and the Future of Liberal Democracy A. James McAdams,Samuel Piccolo,2024-04-23 This book is the first systematic multicountry exploration of far right Newspeak The contributors analyze the ways in which contemporary far right politicians intellectuals and pundits use and abuse traditional liberal concepts and ideas to justify positions that threaten democratic institutions and liberal principles They explore cases of both far right and right wing thought in eastern and western Europe the United States and Canada Subjects include well known figures such as Marine Le Pen Tucker Carlson Peter Thiel Nick Griffin Thierry Baudet Jordan Peterson Russell Brand and Viktor Orb n and lesser known names such as the Czech politician Tomio Okamura and the Internet personality Raw Egg Nationalist The contributors examine these figures claims about hot button issues including immigration Islam race Covid 19 policies feminism monetary policy and free speech The book demonstrates that mainstream politicians and intellectuals are at risk of losing control over the definitions of the very concepts including equal rights racial and ethnic diversity and political tolerance that undergird their vision of liberal democracy It will be of interest to scholars journalists policymakers political scientists historians political theorists sociologists and general audiences concerned about the sophisticated efforts of far right and right wing politicians and pundits to undermine the foundations of liberal democracy

Awaken Your Genius Ozan Varol,2023-04-11 A WALL STREET JOURNAL BESTSELLER Unlock your originality and unleash your unique talents with this simple guide from the acclaimed author of Think Like a Rocket Scientist We say some people march to the beat of a different drummer But implicit in this clich is that the rest of us march to the same beat We sleepwalk through life find ourselves on well worn paths that were never ours to walk and become a silent extra in someone else s story Extraordinary people carve their own paths as leaders and creators They think and act with genuine independence They stand out from the crowd because they embody their own shape and color We call these people geniuses as if they re another breed But genius

isn't for a special few It can be cultivated This book will show you how You'll learn how to discard what no longer serves you and discover your first principles the qualities that make up your genius You'll be equipped to escape your intellectual prisons and generate original insights from your own depths You'll discover how to look where others don't look and see what others don't see You'll give birth to your genius the universe denter you were meant to be *All the While* Gina Azzi,2020-07-22 People say time heals all wounds People lie The biggest liar of all My brother's best friend Zack Because my twin Adrian is dead and that's a wound I'll never get over Plunged into darkness I'm dealing the best I can I've come to rely on alcohol to numb my pain and sex of the random variety to make me feel something Anything But when I literally run into Zack on Boathouse Row in Philadelphia he takes matters into his own hands He inserts himself directly into my life and offers a new coping strategy himself I'm not prepared for his friendship brimming with concern and thoughtfulness It seems like everyone around me is moving on from Adrian and I'm the only one stuck But Zack understands he sees me he cares Soon an attraction I can't deny erupts into a desire I'm desperate to act on But I can't fall for my brother's best friend Especially not after I learn the truth about Adrian's death

world of endless technology how can individuals institutions and governments harness its positive contributions while protecting each of us no matter who or where we are In this book a former Facebook public policy adviser who went on to assist President Obama in the White House offers practical ideas for using technology to create an open and accessible world that protects all consumers and civilians As a computer scientist turned policymaker Dipayan Ghosh answers the biggest questions about technology facing the world today Proving clear and understandable explanations for complex issues Terms of Disservice will guide industry leaders policymakers and the general public as we think about how we ensure that the Internet works for everyone not just Silicon Valley

Don't Be Yourself Tomas Chamorro-Premuzic, 2025-10-07 The surprising science of why being authentic holds you back from the author of Why Do So Many Incompetent Men Become Leaders Just be yourself might be the worst advice you've ever received For years we've been told that authenticity is the key to success that we should be true to ourselves tune out others' opinions and lead with unwavering genuineness This feel good message has spawned countless self help books leadership seminars and viral social media posts There's just one problem science says it's wrong Drawing on decades of research renowned psychologist Tomas Chamorro Premuzic reveals an uncomfortable truth our obsession with authenticity is backfiring From Silicon Valley's authenticity worship to failed diversity programs he exposes how our fixation on our true selves undermines both individual and organizational success The most successful people aren't those who rigidly stay true to themselves They're the ones who adapt and evolve largely by paying a great deal of attention to how others see them and adjusting their behavior to the requirements of each situation The evidence is clear when we focus less on expressing our authentic selves and more on understanding others we become better humans Blending the latest revelations in psychology with razor sharp cultural critique Don't Be Yourself doesn't just challenge conventional wisdom it offers a playbook for long lasting career success

Captive Audience Susan Crawford, 2013-01-08 Ten years ago the United States stood at the forefront of the Internet revolution With some of the fastest speeds and lowest prices in the world for high speed Internet access the nation was poised to be the global leader in the new knowledge based economy Today that global competitive advantage has all but vanished because of a series of government decisions and resulting monopolies that have allowed dozens of countries including Japan and South Korea to pass us in both speed and price of broadband This steady slide backward not only deprives consumers of vital services needed in a competitive employment and business market it also threatens the economic future of the nation This important book by leading telecommunications policy expert Susan Crawford explores why Americans are now paying much more but getting much less when it comes to high speed Internet access Using the 2011 merger between Comcast and NBC Universal as a lens Crawford examines how we have created the biggest monopoly since the breakup of Standard Oil a century ago In the clearest terms this book explores how telecommunications monopolies have affected the daily lives of consumers and America's global economic standing
