Nord,2012-11-05 A bizarre true story of spiritual revelation and psychedelic horror associated with the specter of Hitler and the madness of a world on the brink of a global holocaust This strangely foreboding testament to the inherent danger and the transcendental propensity of the psychedelic experience contains a detailed exposition of the RNA shutter mechanism interface between the organic matrix of the brain and the spiritual matrix of the human soul The author s treatment of that receptor matrix interface includes the correlation between Jungian psychology and the correlative derivative of the Hindu Sutras that obviously provided Jung with the inspiration for the development of his principles of psychic functioning The author s treatment of the internal dynamics and historical continuity of the psychedelic experience also includes a very important reference in the Christian Bible and is

interlaced in a 30 year autobiography that includes a very long and very intense nightmare about the reincarnation of Hitler

The Pride of Havana Roberto Gonzalez Echevarria, 2001-05-24 From the first amateur leagues of the 1860s to the exploits of Livan and Orlando El Duque Hernandez here is the definitive history of baseball in Cuba Roberto Gonzalez Echevarria expertly traces the arc of the game intertwining its heroes and their stories with the politics music dance and literature of the Cuban people What emerges is more than a story of balls and strikes but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond Filling a void created by Cuba's rejection of bullfighting and Spanish hegemony baseball quickly became a crucial stitch in the complex social fabric of the island By the early 1940s Cuba had become major conduit in spreading the game throughout Latin America and a proving ground for some of the greatest talent in all of baseball where white major leaguers and Negro League players from the U S all competed on the same fields with the cream of Latin talent Indeed readers will be introduced to several black ballplayers of Afro Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier once and for all Often dramatic and always culturally resonant Gonzalez Echevarria's narrative expertly lays open the paradox of fierce Cuban independence from the U S with Cuba's love for our national pastime It shows how Fidel Castro cannily associated himself with the sport for patriotic p r and reveals that his supposed baseball talent is purely mythical Based on extensive primary research and a

wealth of interviews the colorful often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U S
