

5 TIPS FOR Taking Care of Your Mental Health

Practice Mindfulness

Take daily moments for mindfulness, like meditation, to find inner calm.

Stay Active

Do regular exercise, as it can boost your mood and reduce stress.

Get Enough Sleep

Prioritize quality sleep with a healthy bedtime routine.

Practice Gratitude

Cultivate a positive mindset by counting your blessings daily.

Seek Support When Needed

Reach out to family, friends or mental health professionals when necessary.

When the Warrior Returns Nathan Ainspan, Walter E. Penk, 2012-09-15 Nearly two million soldiers sailors marines and airmen have been deployed in recent conflicts When the Warrior Returns addresses the practical and psychological needs of the families of these transitioning service members and provides a convenient list of key resources Combining the knowledge of fifty experts the book provides answers to questions about the post deployment transition process how it affects families and how family members can help their service members and themselves navigate the transition successfully as a family These experts provide straightforward answers to questions about the transition process and how it impacts the warrior and their children A one stop source of information filled with useful advice this book is unequalled The book features a foreword by Patty Shinseki and is published in cooperation with the Association of the United States Army

Returning Wars' Wounded, Injured, and Ill Nathan D. Ainspan Ph.D., Walter E. Penk, 2008-09-30 Thousands of American service members are returning from their tours of duty with physical and or psychological disabilities Many if not most of these service members will need at least some assistance to adapt to their

disabilities and learn how to reintegrate back into civilian life Also impacted will be the spouse friends employers family members counselors and community members of each veteran with a disability The veterans may not be aware of the ways in which their disabilities are impacting them nor knowledgeable about the resources available to help them cope In addition many such individuals feel isolated and reluctant to acknowledge their difficulties or ask for assistance The volume compiles and summarizes the information disabled veterans and those with whom they interact will be interested in knowing and using It describes how disabilities can impact an individual physically psychologically and spiritually It also provides a context of these disabilities to reassure the readers that they are not alone in the thoughts feelings and pain and that others have experienced the same problems and found solutions The work provides guidance on different forms of treatment that may help the veteran and includes a list of contact information for local VA centers peer to peer counseling services and other programs services and individuals available frequently for free for veterans and their families Brief biographies of disabled veterans and case studies of the ways they reintegrated back into civilian society provide support and perspective In addition to aiding veterans the book will serve as a useful reference source for librarians and other information providers

Essentials of Mental Health Nursing Karen Wright, Mick McKeown, 2018-02-20 This groundbreaking textbook provides Mental Health nursing students with the essential knowledge needed to deliver truly person centred and compassionate care It also adopts the latest approaches to mental health care by focusing on positive recovery and exploring both the bio medical and psycho social approaches Mental Health Treatment for Families United States. Congress. House. Committee on Veterans' Affairs. Subcommittee on Health, 2008 *The New Psychology of Health* Catherine Haslam, Jolanda Jetten, Tegan Cruwys, Genevieve Dingle, S. Alexander Haslam, 2018-05-01 British Psychology Society Textbook of the Year 2020 Why do people who are more socially connected live longer and have better health than those who are socially isolated Why are social ties at least as good for your health as not smoking having a good diet and taking regular exercise Why is treatment more effective when there is an alliance between therapist and client Until now researchers and practitioners have lacked a strong theoretical foundation for answering such questions This ground breaking book fills this gap by showing how social identity processes are key to understanding and effectively managing a broad range of health related problems Integrating a wealth of evidence that the authors and colleagues around the world have built up over the last decade *The New Psychology of Health* provides a powerful framework for reconceptualising the psychological dimensions of a range of conditions including stress trauma ageing depression addiction eating behaviour brain injury and pain Alongside reviews of current approaches to these various issues each chapter provides an in depth analysis of the ways in which theory and practice can be enriched by attention to social identity processes Here the authors show not only how an array of social and structural factors shape health outcomes through their impact on group life but also how this analysis can be harnessed to promote the delivery of social cures in a range of fields This is a must have volume for service providers

practitioners students and researchers working in a wide range of disciplines and fields and will also be essential reading for anyone whose goal it is to improve the health and well being of people and communities in their care *After the War Zone* Laurie B. Slone,Matthew J. Friedman,Matthew Friedman,2009-04-24 This accessible guide to military homecoming by two PTSD experts offers practical advice and information on the aftereffects of war zone exposure Returning from the warfront can be a daunting prospect Many servicemembers and their loved ones are reunited only to discovered that they are not truly prepared for the changes and challenges they face In *After the War Zone* the Director and Associate Director of the VA s National Center for Post Traumatic Stress Disorder provide an essential resource for service members their spouses families and communities Pinpointing the most common after effects of war and offering strategies for troop reintegration to daily life Drs Friedman and Slone cover the myths and realities of homecoming reconnecting with spouse and family anger and adrenaline guilt and moral dilemmas and PTSD and other mental health concerns With a wealth of community and government resources tips and suggestions *After the War Zone* is a practical guide to helping troops and their families transition to life back on the home front *A Guide to Supporting Breastfeeding for the Medical Profession* Amy Brown,Wendy Jones,2019-12-05 This book is a practical guide for medical practitioners as they navigate through breastfeeding problems that occur in day to day practice If mothers have a breastfeeding complication they are often directed to their GP In complex situations medical staff will be making decisions around what treatment plan to follow and whether a mother can keep breastfeeding In recent years there has been growing evidence that medical professionals often advise mothers to stop breastfeeding while undergoing treatment when in reality this was not a necessary step In a time when breastfeeding rates are decreasing it is important that medical professionals give accurate advice and support a mother s choice to breastfeed if the situation allows it *A Guide to Supporting Breastfeeding for the Medical Profession* includes contributions from a wide range of medical professionals and each chapter is written with the practitioner in mind Contributors include GPs paediatricians neonatologists lactation specialists and midwives Doctors have a vital role to play in supporting and facilitating breastfeeding and without the appropriate knowledge they can often inadvertently sabotage it This book will be of interest to GPs and paediatricians as well as nurse prescribers midwives and health visitors
