Handbook of Academic Integrity Sarah Elaine Eaton,2023-12-04 The book brings together diverse views from around the world and provides a comprehensive overview of academic integrity and how to create the ethical academy At the same time the Handbook does not shy away from some of the vigorous debates in the field such as the causes of academic integrity breaches There has been an explosion of interest in academic integrity in the last 20 30 years New technologies that have made it easier than ever for students to cut and paste coupled with global media scandals of high profile researchers behaving badly have resulted in the perception that plagiarism is on the rise This in combination with the massification and commercialisation of higher education has resulted in

a burgeoning interest in the importance of academic integrity how to safeguard it and how to address breaches appropriately What may have seemed like a relatively easy topic to address students copying sources without attribution has in fact turned out to be a complex interdisciplinary field of research requiring contributions from linguists psychologists social scientists anthropologists teaching and learning specialists mathematicians accountants medical doctors lawyers and philosophers to name just a few Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions

Posthumous Art, Law and the Art Market Sharon Hecker, Peter J. Karol, 2022-04-28

This book takes an interdisciplinary transnational and cross cultural approach to reflect on critically examine and challenge the surprisingly robust practice of making art after death in an artist's name through the lenses of scholars from the fields of art history economics and law as well as practicing artists Works of art conceived as multiples such as sculptures etchings prints photographs and conceptual art can be and often are remade from original models and plans long after the artist has passed Recent sales have suggested a growing market embrace of posthumous works contemporaneous with questioning on the part of art history Legal norms seem unready for this surge in posthumous production and are beset by conflict across jurisdictions Non Western approaches to posthumous art from Chinese emulations of non living artists to Native American performances take into account rituals of generational passage at odds with contemporary market driven approaches The book will be of interest to scholars working in art history the art market art law art management museum studies and economics

Intermedial Agencies Asun López-Varela Azcárate, Luis Martínez-Falero, 2025-10-28 *Intermedial Agencies* The Crucial Role of the Arts in Shaping Media Dynamics explores how the arts continuously redefine and facilitate cross media transformation through intermedial interactions Drawing primarily on semiotics and neomaterialist approaches López Varela Azcárate and Martínez Falero examine the symbiotic relationship between artistic innovation material change and evolving technologies particularly digital media and AI Through diverse case studies spanning historical and geographical contexts the volume interrogates not only material and medial boundaries but also the shifting sociocultural landscape of intermedial dynamics In response to complex technological and ecological challenges the research situates human creativity within co creative processes that engage the non conscious co agencies of non humans and more than human Unlike existing literature this volume adopts a truly interdisciplinary approach bridging semiotics art history comparative literature media studies and cultural theory It offers theoretical insights alongside a wide range of contemporary artistic practices many of which address habitat destruction environmental degradation biotechnology and other urgent concerns Essential for scholars students and engaged readers the book highlights a sociocultural shift towards a symbiotic planetary and sustainable paradigm one that rethinks the responsible interrelations between knowledge systems material intermedial practices and human creativity
