Robert A. Weigand, 2014-01-28 A hands on guide to applied equity analysis and portfolio management From asset allocation to modeling the intrinsic value of a stock Applied Equity Analysis and Portfolio Management Online Video Course offers readers a solid foundation in the practice of fundamental analysis using the same tools and techniques as professional investors Filled with real world illustrations and hands on applications Professor Weigand's learning system takes a rigorous empirical approach to topics such as analyzing the macro finance environment sector rotation financial analysis and valuation assessing a company's competitive position and reporting the performance of a stock portfolio Unlike typical books on this subject which feature chapters to read and exercises to complete this resource allows readers to actively participate in the learning experience by completing writing exercises and manipulating interactive spreadsheets that illustrate the principles being taught The learning system also features instructional videos that demonstrate how to use the spreadsheet models and excerpts from the author's blog which are used to depict additional examples of the analysis process Along the way it skillfully outlines an effective approach to creating and interpreting outputs typically associated with a top down money management shop including a macroeconomic forecasting newsletter detailed stock research reports and a portfolio performance attribution analysis Covers topics including active and passive money management fundamental analysis and portfolio attribution analysis Companion streaming videos show how to use free online data to create your own analyses of key economic indicators individual stocks and stock portfolios A valuable resource for universities who have applied equity analysis and portfolio management courses Practical and up to date the book is an excellent resource for those with a need for practical investment expertise

The History of Cybercrime

Stein Schjolberg, 2020-02-21 The third edition of this book presents the history of computer crime and cybercrime from the very beginning with punch cards to the latest developments including the attacks in the context of the 2016 US Election Today the technological development of social media such as Google Facebook YouTube Twitter and more have been so rapid and the impact on society so fast and enormous that codes of ethics and public sentiments of justice implemented in criminal legislations have not kept pace Conducts in social media need a better protection by criminal laws The United Nations Declarations and principles for the protection of individual and human rights are fundamental rights also in Cyberspace The same rights that people have offline must also be protected online Cyber attacks against critical information infrastructures of sovereign States public institutions private industry and individuals must necessitate a response for global solutions In conducting investigation and prosecution

of cybercrime countries should understand that international coordination and cooperation are necessary in prosecuting cross border cybercrime It is critical that the police work closely with government and other elements of the criminal justice system Interpol Europol and other international organizations

Amazon's Dirty Little Secrets Greg Jameson,2014-08-01 Many people believe that Amazon's success is the direct result of a strong user shopping experience This however is only part of the reason why Amazon is the number one ecommerce company in the world for almost two decades The real reason behind Amazon's success is that they have mastered the art of getting other people to market and sell for them From affiliate partners that drive traffic to online reviews and ratings where customers tell other customers why they should buy a product to getting free publicity from shows like Oprah or 60 Minutes Amazon is the online company to emulate Amazon's Dirty Little Secrets will show you how you can accomplish this for your company Amazon's Dirty Little Secret is getting others to do their marketing and sales for them This is so powerful that Greg created an acronym using the word POWER P Plenty of traffic O Offer something for free W Win their trust E Engaging experience R Request an action additional tips secrets Anyone engaged in Internet sales and marketing will benefit from the specific examples in this book
