Scamlands Snigdha Poonam, 2025-10-31 Snigdha Poonam's *Scamlands* takes you to parts of the world where a scamster is born every minute Beginning from the rural heartland of eastern India where she grew up and ending in a shining city by the South China Sea Poonam follows the networks of deceit across an invisible empire that thrives on inequality technological change and the erosion of trust It is a world where fraud is at once a route to upward mobility an act of revenge against the privileged and uncaring and a blatant disregard for the pain of others A gripping account of the people and forces behind the scams reshaping societies and economies in India Asia and beyond this book describes places where corruption is not just an abuse of power but also an expression of agency and of ingenuity It uncovers what it means for the social order in India and elsewhere when deception becomes a way of life When fraud triumphs over trust none of us anywhere in the world will escape its armies of foot soldiers and scam lords We may all become unwilling citizens of this dark empire

Library Programs and Services for New Adults Kyla Hunt, 2017-10-06 Addressing the needs of new adults those ages 18-29 in the library is an important challenge This book explains the needs and wants of new adults in the public library setting and identifies their preferences in physical space programming and technology According to the Pew Research Center's 2015 *Libraries at the Crossroads Report* 52 percent of people between the ages of 16 and 29 visited a bookmobile or library within the past year Yet many public libraries programming and outreach skip over this demographic jumping from teen services to older adults *Library Programs and Services for New Adults* provides a road map for including new adults into the family of the small public library and offers a variety of resources and programming ideas that librarians can use immediately Author Kyla Hunt a library technology and trends specialist explains why the needs of new adults are typically overlooked at public libraries defines who new adults are and explains why serving their needs is key to the success of today's public libraries Readers will come away with an in-depth understanding of the mindset and needs of patrons who are 18 to 29 years old and be able to cater to their preferences as they pertain to physical space programming technology and marketing

Super Cute Hippo Fingerless Gloves - Knit Flat with 2 Needles Janis Frank, 2024-01-21 Knit flat on 2 needles with regular worsted weight yarn with single pointed knitting needles this will certainly be the most unique pieces you'll make in a while Not sure if this pattern is for you There are numerous photos showing you exactly how to do the trickier parts As long as you have the knitting basics covered I will show you the rest The pattern gives instructions to make small medium and large sizes And have no worries about the hippos ever falling off They are created while you knit and are incorporated into the fingerless mittens A quick note on sizing Like my other fingerless glove patterns the sizes are adjusted by changing the size of the knitting needles It gives a better overall look and maintains the proportion of the hippo to the glove The purchase of this pattern allows you to make and sell the gloves but you may not redistribute or resell this pattern

Roberts, 2014-01-10 If you read technology news you'll notice it's not just a story of amazing new product introductions or even that plus copycat product introductions All the usual aspects of business are there fierce competition new contenders old survivors great ideas but business failures mediocre ideas that somehow seem to succeed and prosper As a reporter commentator and blogger on mobile technology I've collected what happened in the industry in 2013 and make predictions on what will and won't happen in 2014 You can read what did happen in the mobile technology in 2013 Often I deliver a comment with the news item and usually there is a link to the web page of the original announcement This way you can dive into any detail level you desire read my news feed for the overview or follow the related web link to the longer article History is moving so fast now that it is all recorded electronically but I'm surprised no one else has collected it and presented it for consideration Here is 2013 from the mobile technology industry for your consideration along with my own observations and opinions about where things are headed It's often overlooked that the technology industry is an industry By that I mean its main concerns are profit and growth As consumers we love the new products and unique abilities we are gaining from technology but it is a business akin to any other trying to seduce us to pry money out of our wallets So I cover the horse race aspect of the business who's up who's down Is that changing Is that likely to change The longer implications of what the technology industry is doing are vast and social We are moving to an always on always connected society where we can communicate with someone instantly and find an answer to any question quickly The entire database of human knowledge is now available in the palm of your hand whenever you desire it Everything is there the good the bad right and wrong hate and love music and noise We are obsessed with technology not in and of itself but as a means to an end Technology is the means to satisfy our curiosity or even our desire for self expression We are taking photos machine gun style with our smartphones and choose the few to share As humans we are gathering ever more data about ourselves and sharing more about ourselves

than we probably thought possible Bill Gates was once asked why the computer industry had generated so much improvement in its products over a relatively few years He gave some boring answer about Moore's Law but the real answer is that computers are in their teenage years They are growing and growing They will not always do so So too the technology industry is in a state of rapid change I see the shift to smaller devices as a new paradigm smashing some businesses and growing others into giants Their stories are here in the news In short here are predictions for what won't and will happen in 2014 for the mobile technology industry breakdowns of marketshare figures on the horse race aspect of the business chapters on Apple Samsung Google Microsoft Nokia Blackberry Amazon Yahoo news about social media giants Facebook Twitter Google LinkedIn Foursquare SnapChat and the carriers themselves Verizon AT T Sprint and T-Mobile You can also review my 2013 mobile predictions and see my track record on predictions Finally there are some essays on how all this mobile tech is figuring into our lives I've divided the news into the subjects it covers but also put in the appendix all the news as it came out in chronological ordering You can read the firehose of events in the appendix or just read about one topic at a time in the earlier chapters Table of Contents Preface Introduction Chapter 1 2014 Predictions Chapter 2 Mobile Marketshare Chapter 3 Apple Chapter 4 Samsung Chapter 5 Google Chapter 6 Microsoft Chapter 7 Nokia Chapter 8 Blackberry Chapter 9 Amazon Chapter 10 Social Media Chapter 11 Yahoo Chapter 12 Carriers Chapter 13 2013 Predictions Chapter 14 Essays Appendix
