Medicine Women The Story Of Early American Women Doctors:

Encyclopedia of Women in the American West Gordon Moris Bakken, Brenda Farrington, 2003-06-26 American women have followed their manifest destiny since the 1800 s moving West to homestead found businesses author novels and write poetry practice medicine and law preach and perform missionary work become educators artists judges civil rights activists and many other important roles spurred on by their strength spirit and determination **The Doctor Was a Woman** Chris Enss, 2024-02-06 No women need apply Western towns looking for a local doctor during the frontier era often concluded their advertisements in just that manner Yet apply they did And in small towns all over the West highly trained women from medical colleges in the East took on the post of local doctor to great acclaim In this new book author Chris Enss offers a glimpse into the fascinating lives of ten amazing women including the first female surgeon of Texas the first female doctor to be convicted of manslaughter in an abortion related maternal death and the first woman physician to serve on a State Board of Health **Daily Life of Women** Colleen Boyett, H. Micheal Tarver, Mildred Diane Gleason, 2020-12-07 Indispensable for the student or researcher studying women s history this book draws upon a wide array of cultural settings and time periods in which women displayed agency by carrying out their daily economic familial artistic and religious obligations Since record keeping began history has been written by a relatively few elite men Insights into women s history are left to be gleaned by scholars who undertake careful readings of ancient literature examine archaeological artifacts and study popular culture such as folktales musical traditions and art For some historical periods and geographic regions this is the only way to develop some sense of what daily life might have been like for women in a particular time and place This reference explores the daily life of women across civilizations The work is organized in sections on different civilizations from around the world arranged chronologically Within each society the encyclopedia highlights the roles of women within five broad thematic categories the arts economics and work family and community life recreation and social customs and religious life Included are numerous sidebars containing additional information document excerpts images and suggestions for further reading *American Women During World War II* Doris Weatherford, 2009-10-16 American Women during World War II documents the lives and stories of women who contributed directly to the war effort via official and semi official military organizations as well as the millions of women who worked in civilian defense industries ranging from aircraft maintenance to munitions manufacturing and much more It also illuminates how the war changed the lives of women in more traditional home front roles All women had to cope with rationing of basic household goods and most women volunteered in war related programs Other entries discuss institutional change as the war affected every aspect of life including as schools hospitals and even religion American Women during World War II provides a handy one volume collection of information and images suitable for any public or professional library *A History of Women in Medicine and Medical Research* Dale DeBakcsy, 2022-12-15 In the nineteenth century a small but dedicated group of European and American women rose to

agitate for the inclusion of women in the medical profession It is a historic tale that we have told and retold for decades but it is far from where the story of women as physicians and healers begins Stretching back into deepest antiquity we possess accounts of women who were consulted by emperors and paupers alike for their medical expertise They were surgeons apothecaries midwives university lecturers and medical researchers in correspondence with the most learned societies of their time And then it all came crashing down A History of Women in Medicine and Medical Research is the story of the women who participated in that early Golden Age and of a medical establishment closing ranks against them so effectively that by the early Victorian era they not only were barred from practicing medicine but from so much as stepping into a classroom where medical topics were being discussed It is the story of that intrepid band of reformers and pioneers who built back the women s medical profession from the ashes and constructed a thriving new community of researchers and practitioners who within a century had retaken not only the ground that had been lost but boldly advanced to levels of fame and achievement unimaginable to any previous era Told through in depth accounts of the lives of the pioneers and practitioners who built and rebuilt the women s medical movement this title dives into the lives of not only legendary figures like Florence Nightingale Gertrude Elion Rosalyn Yalow and Elizabeth Blackwell but visits women the world over whose medical contributions broke down doors and advanced the cause of women s and world health like the revolutionary medieval physician Trota of Salerno the pioneering eighteenth century midwife and businesswoman Madame du Coudray the microbiological research trailblazer Mary Putnam Jacobi and the HIV researcher and world epidemic response coordinator Francoise Barre Sinoussi With over 140 stories spanning three millennia of global medicine this book shines a light on the unknown heroes towering discoveries tragic missteps and profound struggles that have accompanied the Rise Fall and Rebirth of the women s medical profession *Medicine Women* Cathy Luchetti,1998 The story of American women in medicine is multi fold from their ascendancy as healers and midwives in colonial years to their gradual decline as they were eclipsed by men whose entrance into the medical ranks brought new standards of exclusionary professionalism All male medical schools and boards pushed healing women into the subcategory of midwife or nurse Nineteenth century women formed their own colleges and eventually forced themselves into competition with accepted medical institutions But they had to overcome society s Victorian grudge against any woman who wished to become a professional as well as the basic distrust of a rural population for medicine Understanding the stories of these medical pioneers their motivations hardships and conflicts assigns a human face to otherwise dry statistics From publisher description **Abolitionists, Doctors, Ranchers, and Writers** Lynne Marie Getz,2017-09-22 Nearly 250 years after ninety five year old Elder Thomas Faunce got caught up in the mythmaking around Plymouth Rock his great great great great great granddaughter Hilda Faunce Wetherill died in Pacific Grove California leaving behind a cache of letters and family papers The remarkable story they told prompted historian Lynne Marie Getz to search out related collections and archives and from these to assemble a family chronology

documenting three generations of American life Abolitionists Doctors Ranchers and Writers tells of zealous abolitionists and free state campaigners aiding and abetting John Brown in Bleeding Kansas of a Civil War soldier serving as a provost marshal in an occupied Arkansas town of young women who became doctors in rural Texas and New York City in the late nineteenth century of a homesteader and businessman among settler colonists in Colorado and of sisters who married into the Wetherill family known for their discovery of Ancient Pueblo sites at Mesa Verde and elsewhere who catered to a taste for Western myths with a trading post on a Navajo reservation and a guest ranch for tourists on the upper Rio Grande Whether they tell of dabbling in antebellum reforms like spiritualism vegetarianism and water cures building schools for free blacks in Ohio or championing Indian rights in the West serving in the US Army or confronting the struggles of early women doctors and educators these letters reveal the sweep of American history on an intimate scale as it was lived and felt and described by individuals their family story reflects the richness and complexity of the genealogy of the nation **Nevada's Remarkable**

Women Jan Cleere,2015-11-01 This book presents the compelling histories of fifteen pioneer women all born before 1900 who traveled Nevada Territory in unstable wagons on temperamental mules and in early Motel Ts to leave a legacy of courage and celebration as they broke records hearts and rules while conquering uncharted ground Meet Ferminia Sarras a Nicaraguan immigrant with four young daughters who arrived in Nevada in the early 1800s determined to seek her fortune as a miner and succeeded Dat so la lee a Washoe Indian renowned for her basket weaving artistry whose work is today preserved in museums and Anne Henrietta Martin a lifelong suffragette who fought for women s rights and was instrumental in securing the passage of the Nineteenth Amendment giving women the right to vote The Illustrated Timeline of

Medicine Gill Davies,2011-08-15 Timeline that spans the history of medicine from the prehistoric trepanning of skulls to modern microsurgery **Doctor Mom Chung of the Fair-Haired Bastards** Judy Tzu-Chun Wu,2005-02-28 During World

War II Mom Chung s was the place to be in San Francisco Soldiers movie stars and politicians gathered at her home to socialize to show their dedication to the Allied cause and to express their affection for Dr Margaret Chung 1889 1959 The first known American born Chinese female physician Chung established one of the first Western medical clinics in San Francisco s Chinatown in the 1920s She also became a prominent celebrity and behind the scenes political broker during World War II Chung gained national fame when she began adopting thousands of soldiers sailors and flyboys including Ronald Reagan Admiral Chester W Nimitz and Admiral William F Halsey Jr A pioneer in both professional and political realms Chung experimented in her personal life as well She adopted masculine dress and had romantic relationships with other women such as writer Elsa Gidlow and entertainer Sophie Tucker This is the first biography to explore Margaret Chung s remarkable and complex life It brings alive the bohemian and queer social milieus of Hollywood and San Francisco as well as the wartime celebrity community Chung cultivated Her life affords a rare glimpse into the possibilities of traversing racial gender and sexual boundaries of American society from the late Victorian era through the early Cold War period **Race,**

Place, and Medicine Julyan G. Peard, 2000-04-10 Looks at a group of 19th century Brazilian doctors the Bahian Tropicalista School and their efforts to both counter European assumptions about Brazilian racial and cultural inferiority and doomed health and to forge their own definition of tropical medicine

North Carolina Women Michele Gillespie, Sally G. McMillen, 2014 This first of two volumes on North Carolina women chronicles the influence and accomplishments of individual women from the pre Revolutionary period through the early 20th century They represent a range of social and economic backgrounds political stances areas of influence and geographical regions within the state Even though North Carolina remained mostly rural until well into the twentieth century and the lives of most women centered on farm family and church Gillespie and McMillen note that the state's people exhibited a progressive streak that positively influenced women Public funds were set aside to advance statewide education private efforts after the Civil War led to the founding of numerous black schools and colleges and in 1891 the General Assembly chartered the State Normal and Industrial School later UNC-G as one of the first publicly funded colleges for white women By the late 19th century as several essays in this volume reveal education played a pivotal role in the lives of many white and black women It inspired their activism and involvement in a world beyond their traditional domestic sphere

Women's Wisconsin Genevieve G. McBride, 2014-05-20 Women's Wisconsin From Native Matriarchies to the New Millennium a women's history anthology published on Women's Equality Day 2005 made history as the first single source history of Wisconsin women This unique tome features dozens of excerpts of articles as well as primary sources such as women's letters reminiscences and oral histories previously published over many decades in the Wisconsin Magazine of History and other Wisconsin Historical Society Press publications Editor and historian Genevieve G McBride provides the contextual commentary and overarching analysis to make the history of Wisconsin women accessible to students scholars and lifelong learners
