Darrellyn Gunzburg,Bernadette Brady,2020-10-01 Exploring sacred mountains around the world this book examines whether bonding and reverence to a mountain is intrinsic to the mountain constructed by people or a mutual encounter Chapters explore mountains in England Scotland Wales Italy Ireland the Himalaya Japan Greece USA Asia and South America and

embrace the union of sky landscape and people to examine the religious dynamics between human and non human entities This book takes as its starting point the fact that mountains physically mediate between land and sky and act as metaphors for bridges from one realm to another recognising that mountains are relational and that landscapes form personal and group cosmologies The book fuses ideas of space place and material religion with cultural environmentalism and takes an interconnected approach to material religious landscapes In this way it fills the gap between lived religious traditions personal reflection phenomenology historical context environmental philosophy myths and performativity In defining material religion as active engagement with mountain forming and humanshaping landscapes the research and ideas presented here provide theories that are widely applicable to other forms of material religion

The Stones of Britain Jon Cannon, 2025-10-16 This is the definitive tale of how our island history is written in stone *The Stones of Britain* is about how rocks make places exploring the connection between geology and landscape the stones beneath the surface and the history that has played out above it It movingly investigates the diverse character of the British landscape and the rich variety of places that have come to be as a result We discover that the shattered granite landscape of Dartmoor is different from the soft red sandstone hills of east Devon the rolling chalk downs distinct from the gritty moors of Yorkshire and each has a unique fascinating story to tell Interweaved with beautiful meditations on place home and belonging *The Stones of Britain* interprets these stories It explains the nature of place on the
