

[illegible]

Patient: Last name,first name, middle initial. No space between last name, comma, and first name. Space after first name, before middle initial. Use middle initial only, not whole name. See name format document. No apostrophes or hyphens.

Other Name: The format is the same as for the patient name. This can be a maiden name. But it also should be used if a name is changed. Whenever a name is changed, the new name goes in the patient name field, and the old name in the other name field, even if the patient is taking her maiden name back. Can be left blank if male or single woman.
