Meeting The Masters A Spiritual Apprenticeship:

Meeting the Masters William Wildblood,2012-04-27 This is the story of a young man who was contacted by discarnate spiritual beings who spoke to him through the medium of an ex monk some 36 years his senior It concerns the spiritual training of the younger man given by these Masters for that is what they were and although the contact lasted for 21 years from 1979 1999 the greater part of the book has to do with the first year when the process was at its most intense Although originally intended for just one individual the training imparted is actually suitable for any spiritual seeker at any level and there is discussion of many different aspects of the spiritual path as well as elucidation of occasionally controversial points such as the nature of the ego the problem of evil the place of sex in the spiritual life the relevance of spiritual experiences and the function of teachers all in a form that combines simplicity with depth Remember the Creator William

Wildblood,2019-03-29 Remember the Creator is a book about the reality of God and how to become aware of that reality Starting from personal experience it moves on to look at the evidence for God s existence and then considers what sort of God he might be The teachings of Buddhism and Advaita Vedanta are examined but seen as incomplete in the light of the truth that the deepest level of reality must include the personal Further chapters discuss atheism morality and suffering and how these are to be understood from the perspective of a Creator and his purpose in creating before the conclusion is reached that any true revival of spirituality in the West should be linked to Christ Finally we reflect on the modern world and ask what humanity needs to do to throw off the strong sense of alienation it currently suffers from *Mystic Apprentice*
