Judith Butler und die Theologie der Freiheit Gunda Werner, 2021-06-09 Judith Butler und Michel Foucault haben der katholischen Theologie wesentliche Einsichten zu vermitteln denn sie betonen mit je eigener Schwerpunktsetzung die Notwendigkeit einer genauen Machtanalyse Dabei wird dem Gender und damit dem Körper insbesondere auch in der sprachlosen Performativität ein angemessener Raum gegeben So kann Freiheit als Grundlage kreativen und kritischen menschlichen Handelns gedacht und für die Theologie umgesetzt werden Die Problematiken dieser Themen innerhalb des katholischen Diskursraumes sind einerseits aktuell andererseits haben sie eine Entstehungsgeschichte Die Theologin und Dogmatikerin Gunda Werner erkundet wie die Genderdiskurse zur Prägung des Subjektes Judith Butlers und Michel Foucaults Diskurskonzept der Parrhesia des Wahrsprechens für eine Theologie der Freiheit fruchtbar gemacht werden können In mehreren Casestudies zeigt sie wie die Trias Freiheit Gender Körper Macht Kritik die Kategorien und Strukturelemente einer Theologie der Freiheit bilden kann **Queere Räume** Esto Mader, 2023-07-06 In queeren Räumen fühlen sich Subjekte stark die sonst marginalisiert sind Mittels eines imaginierten Basiskonsens und einer eigenen affektivästhetischen Logik entsteht hier das Gefühl von Zuhause Es können das zugeschriebene being different ausgelebt Netzwerke

geknüpft und sich gegenseitig gefeiert werden. Doch auch solche Räume sind durch Hierarchien, Szene, interne Normen und Ausschlüsse strukturiert, was zu steten Aushandlungen führt. Diese sind maßgeblich an der queeren Raumproduktion und den darin entstehenden Handlungsfähigkeiten beteiligt. Esto Mader zeigt mittels diffraktiven Arbeitens die Dynamik queerer Räume und stellt fest: Fluidität ist diesen Räumen intrinsisch gegeben.

Judith Butler, Michel Foucault, and the Theology of Freedom Gunda Werner, 2023-12-22 This book explores how Judith Butler's work on gender and the shaping of the human subject and Michel Foucault's notion of parrhesia (speaking the truth) can be made fruitful for a theology of freedom. The volume illustrates the importance of three concepts: freedom, gender, body, and power, critique, and how this triad provides the foundational categories and structural elements of a theology of freedom. By starting from an analysis of power and the performative potential of gendered embodiment, freedom can be thought of as the basis of creative and critical human action and thereby implemented in theology. The chapters feature several theological/historical case studies that are representative of topics that continue to shape contemporary Catholic norms and thought. In particular, the author reflects on the 13th century with the idea of personal sin and confession and the 19th century with a gender ideology that has led to the marginalization of difference and dissent. The book shows how Butler and Foucault can provide essential insights for Catholic theology and is valuable reading for scholars of religion, philosophy, and gender and sexuality studies.

Visions of Religion Stephen S. Bush, 2014-10-01 Winner of the Gustave O. Arlt Award in the Humanities. Three understandings of the nature of religion—religion as experience, symbolic meaning, and power—have dominated scholarly discussions in succession for the past hundred years. Proponents of each of these three approaches have tended to downplay, ignore, or actively criticize the others. But why should the three approaches be at odds? Religion, as it is practiced, involves experiences, meanings, and power, so students of religion should attend to all three. Furthermore, theorists of religion should have an account that carefully conceptualizes all three aspects without regarding any of them as more basic than the others. *Visions of Religion* provides just such an account. Stephen S. Bush examines influential proponents of the three visions, arguing that each approach offers substantial and lasting contributions to the study of religion, although each requires revision. Bush rehabilitates the concepts of experience and meaning, two categories that are much maligned these days. In doing so, he shows the extent to which these categories are implicated in

matters of social power As for power the book argues that the analysis of power requires attention to meaning and experience Visions of Religion accomplishes all this by articulating a social practical theory of religion that can account for all three aspects even as it incorporates them into a single theoretical framework *The Post-Secular in Question* Philip Gorski, David Kyuman Kim, John Torpey, Jonathan VanAntwerpen, 2012-03-12 The Post Secular in Question considers whether there has in fact been a religious resurgence of global dimensions in recent decades This collection of original essays by leading academics represents an interdisciplinary intervention in the continuing and ever transforming discussion of the role of religion and secularism in today's world Foregrounding the most urgent and compelling questions raised by the place of religion in the social sciences past and present The Post Secular in Question restores religion to a more central place in social scientific thinking about the world helping to move scholarship beyond unbelief Contributors Courtney Bender Craig Calhoun Michele Dillon Philip S Gorski Richard Madsen Kathleen Mahoney Tomoko Masuzawa Eduardo Mendieta John Schmalzbauer James K A Smith John Torpey Bryan S Turner Hent de Vries **Secularism and Religion-Making** Markus Dressler, Arvind Mandair, 2011-10-03 This book investigates the universalization of religious and secular knowledges that emerged in their particular modern forms originally in the Christian West It is an attempt to explore the epistemological grounds and political implications of the formation and codependency of secular and religious discourses and practices

Method and Metaphysics in Maimonides' Guide for the Perplexed Daniel Davies, 2011-09-15 This book investigates the substance and presentation of major metaphysical themes in Maimonides' Guide for the Perplexed Using rigorous philosophy it seeks to refute the view that the Guide hides an esoteric philosophical meaning beneath a traditional veneer and offers a new explanation of his esotericism **Syncretism and Christian Tradition** Ross Kane, 2020-11-26 Studying the history of syncretism's use indicates wider interpretative problems in religious studies and theology regarding race and revelation It also indicates the importance of seeing tradition as adaptive and amalgamating rather than static In theology and religious studies alike discourses of syncretism are positioned within racialized perceptions which construct a center and periphery based upon white European knowledge In Christian theology more specifically syncretism's use also shows ways that theologians try to protect the category of divine revelation from human interference leading to interpretative problems that sidestep material history Textual Intimacy Wesley A. Kort, 2012-05-23 Given its affinity with questions of identity autobiography offers a way into the interior space between author and reader especially when writers define themselves in terms of religion In his exploration of this textual intimacy Wesley Kort begins with a theorization of what it means to say who one is and how one's self account as a religious person stands in relation to other forms of self identification He then provides a critical analysis of autobiographical texts by nine contemporary American writers including Maya Angelou Philip Roth and Anne Lamott who give religion a positive place in their accounts of who they are Finally in disclosing his own religious identity Kort concludes with a meditation on several meanings of the word assumption **Feminist Theology and**

the Challenge of Difference Margaret D. Kamitsuka, 2007-07-20 In the early years of contesting patriarchy in the academy and religious institutions feminist theology often presented itself as a unified front a sisterhood The term feminist theology however is misleading It suggests a singular feminist purpose driven by a unified female cultural identity that struggles as a cohesive whole against patriarchal dominance Upon closer inspection the voice of feminist theology is in fact a chorus of diverging perspectives each informed by a variety of individual and communal experiences and an embattled scholarly field marked by the effects of privilege and power imbalances This complexity raises an important question How can feminist theologians respect the irreducible diversity of women s experiences and unmask entrenched forms of privilege in feminist theological discourse In *Feminist Theology and the Challenge of Difference* Margaret D Kamitsuka urges the feminist theological community to examine critically its most deeply held commitments assumptions and goals especially those of feminist theologians writing from positions of privilege as white or heterosexual women Focusing on women s experience as portrayed in literature biblical narrative and ethnographic writing Kamitsuka examines the assumptions of feminist theology regarding race and sexuality She proposes theoretical tools that feminist theologians can employ to identify and hopefully avoid the imposition of racial or sexual hegemony thus providing invaluable complexity to the movement s identity and ultimately contributing to current and future Christian theological issues Blending poststructuralist and postcolonial theoretical resources with feminist and queer concerns *Feminist Theology and the Challenge of Difference* makes constructive theological proposals ranging from sin to christology The text calls feminist theologians to a more rigorous self critical approach as they continue to shape the changing face of Christian theological discourse

Comparative Theology and the Problem of Religious Rivalry Hugh Nicholson, 2011-04-08 In theological discourse argues Hugh Nicholson the political goes all the way down One never reaches a bedrock level of politically neutral religious facts because all theological discourse even the most sublime edifying and spiritual is shot through with polemical elements Liberal theologies from the Christian fulfillment theology of the nineteenth century to the pluralist theology of the twentieth have assumed that religious writings attain spiritual truth and sublimity despite any polemical elements they might contain Through his analysis and comparison of the Christian mystical theologian Meister Eckhart and his Hindu counterpart aSkara Nicholson arrives at a very different conclusion Polemical elements may in fact constitute the creative source of the expressive power of religious discourses Wayne Proudfoot has argued that mystical discourses embody a set of rules that repel any determinate understanding of the ineffable object or experience they purport to describe In Comparative Theology and the Problem of Religious Rivalry Nicholson suggests that this principle of negation is connected perhaps through a process of abstraction and sublimation with the need to distinguish oneself from one's intra and/or inter religious adversaries Nicholson proposes a new model of comparative theology that recognizes and confronts one of the most urgent cultural and political issues of our time namely the return of the political in the form of anti secular and fundamentalist movements around the world This model acknowledges the ineradicable nature of an oppositional dimension of religious discourse while honoring and even advancing the liberal project of curtailing intolerance and prejudice in the sphere of religion
