Medical Decision Making A Physicians Guide:

Medical Decision Making Alan Schwartz, 2008 Translates the theory from the science of decision making into clinically useful tools and principles

Medical Decision Making Alan Schwartz, George Bergus, 2008-05-26 Decision making is a key activity perhaps the most important activity in the practice of healthcare Although physicians acquire a great deal of knowledge and specialised skills during their training and through their practice it is in the exercise of clinical judgement and its application to individual patients that the outstanding physician is distinguished This has become even more relevant as patients become increasingly welcomed as partners in a shared decision making process This book translates the research and theory from the science of decision making into clinically useful tools and principles that can be applied by clinicians in the field It considers issues of patient goals uncertainty judgement choice development of new information and family and social concerns in healthcare It helps to demystify decision theory by emphasizing concepts and clinical cases over mathematics and computation
