Medical-Surgical Nursing: A concept approach Trish Burton, Ali Moloney, 2024-09-26 Medical Surgical Nursing offers a concept map approach to common acute care patient presentations using a body systems model. The aim of the concept maps is to promote deep learning for students in person-centred care. The text also provides the student with a nursing decision-making framework for clinical planning right from the beginning of a shift, with the student being less dependent on the nurse in applying clinical decision-making to person-centred nursing care. This new first edition text is concise, practical, and streamlined. It interfaces with other Cengage nursing texts such as Fundamentals, Clinical Skills, and Health Assessment. Instructor resources include instructor's manual, Test Bank, PowerPoints, and videos. Premium online teaching and learning tools are available on the MindTap platform.
