**Cathar Truth** Beverley E. Gould,2018-08-17 This is the story of my encounter with a monk from a shared past life in the thirteenth century His message to me was I want you to remember the Gilded Rose It could be useful for you now We were the Pure Ones who were rent asunder for official gain in the Languedoc South France We were put to the rack in the Inquisition It was not your fault I love you I forgive you and I want you to be happy My thirty five years of research of the fascinating life and times origins and beliefs of these Pure Ones known as Cathars are detailed in this book They were taught by Mary Magdalene in the first century and persecuted by the church of Rome in a forty year Crusade ending in their ultimate defeat at Montsegur in 1244 This book is my tribute to all those thousands if not millions of good Christians Cathars who stood fast for their truth in the face of certain death It leads you into understanding their relationship to Jesus and Mary Magdalene the Holy Grail the Troubadours the Shroud of Turin the Knights Templar the Ark of the Covenant the Sacred Feminine and more This deeply researched book will enrich your spiritual life and give you insights into the beliefs and gentleness of a hitherto unknown world the Church of Love brutally suppressed by the medieval Church of Rome because they refused to obey the Roman Church s man made rules

**Ten Ways to Weave the World: Matter, Mind, and God, Volume 2** Ross Thompson,2023-01-25 In this sequel to Outgrowing Materialism Thompson explores five conceptual Worlds that preceded the dualist v materialist divide and shows why recent philosophy often little known outside of academic circles is now giving these old ideas a new relevance In an approachable way but without avoiding complexity Embodying Mind leads the reader through the Worlds of panpsychism idealism Aristotelianism emergence and information theory holism and process theology examining the ideas of ethics and God and the difficult questions accompanying each Thompson concludes that causal processes harmonize as in a cosmic counterpoint The world and its beautiful contents form a seamless material whole It is not as if Mind or God glints obscurely through ever narrowing chinks in otherwise seamless nature There are no chinks but the whole is full of Mind Overall imperfectly things are moving towards their sustaining good God is becoming God surpassing God Embodying Mind can be read independently from Outgrowing Materialism but together the two volumes of Ten Ways to Weave the Word mount a robust wide ranging case that nobody interested in the science v religion debate or wishing more widely for an integrated understanding of Matter Mind and God can afford to ignore

**The Many Faces of Christ** Philip Jenkins,2015-10-13 The standard account of early Christianity tells us that the first centuries after Jesus death

witnessed an efflorescence of Christian sects each with its own gospel We are taught that these alternative scriptures which represented intoxicating daring and often bizarre ideas were suppressed in the fourth and fifth centuries when the Church canonized the gospels we know today Matthew Mark Luke and John The rest were lost destroyed or hidden In *The Many Faces of Christ* the renowned religious historian Philip Jenkins thoroughly refutes our most basic assumptions about the Lost Gospels He reveals that dozens of alternative gospels not only survived the canonization process but in many cases remained influential texts within the official Church Whole new gospels continued to be written and accepted For a thousand years these strange stories about the life and death of Jesus were freely admitted onto church premises approved for liturgical reading read by ordinary laypeople for instruction and pleasure and cited as authoritative by scholars and theologians The Lost Gospels spread far and wide crossing geographic and religious borders The ancient Gospel of Nicodemus penetrated into Southern and Central Asia while both Muslims and Jews wrote and propagated gospels of their own In Europe meanwhile it was not until the Reformation and Counter Reformation that the Lost Gospels were effectively driven from churches But still many survived and some continue to shape Christian practice and belief in our own day Offering a revelatory new perspective on the formation of the biblical canon the nature of the early Church and the evolution of Christianity *The Many Faces of Christ* restores these Lost Gospels to their central place in Christian history

*Hitler's Monsters* Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply

researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish *The Spectator* A trustworthy book on an extraordinary subject *The Times* A fascinating look at a little understood aspect of fascism *Kirkus Reviews* Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits *National Review* *The Secret Heresy of Hieronymus Bosch* Lynda Harris,1995 A movement thought to have been extinguished by the Inquisition it is now known to have existed in Bosch's time and he according to the author was a secret believer **Diversity and**
