Robin Hood in Outlaw/ed Spaces Lesley Coote, Valerie Johnson, 2016-11-10. Following in the tradition of recent work by cultural geographers and historians of maps, this collection examines the apparently familiar figure of Robin Hood as he can be located within spaces that are geographical, cultural, and temporal. The volume is divided into two sections: the first features an interrogation of the literary and other textually transmitted spaces to uncover the critical grounds in which the Robin Hood legend has traditionally operated. The essays in Part Two take up issues related to performative and experiential space, demonstrating the reciprocal relationship between page stage and lived experience. Throughout the volume, the contributors contend with, among other things, modern theories of gender, literary detective work, and the ways in which the settings that once advanced court performances now include digital gaming and the enactment of real lives.

Writers, Editors and Exemplars in Medieval English Texts Sharon M. Rowley, 2020-12-24. This collection of essays explores the literary legacy of medieval England by examining the writers, editors, and exemplars of medieval English texts. In order to better understand the human agency, creativity, and forms of sanctity of medieval England, these essays investigate both the production of medieval texts and the people whose hands and minds created, altered, and/or published them. The chapters consider the writings of major authors such as Chaucer, Gower, and Wyclif, in relation to texts, authors, and ideals less well known today, and in light of the translation and interpretive reproduction of the Bible in Middle English. The essays make some texts available for the first time in print and examine the roles of historical scholars in the construction of medieval English literature and textual cultures. By doing so, this collection investigates what it means to recover, study, and represent some of the key medieval English texts that continue to influence us today.

The Complete Harley 2253 Manuscript, Volume 2, 2014-09-01. British Library MS Harley 2253 is one of the most important literary works to survive from the English medieval era. In rarity, quality, and abundance, its secular love lyrics comprise an unrivaled collection. Intermingled with them are contemporary political songs as well as delicate lyrics designed to inspire religious devotion.

The King and Commoner Tradition Mark Truesdale, 2018-01-29. King and Commoner tales were hugely popular across the late medieval and early modern periods, their cultural influence extending from Robin Hood ballads to Shakespearean national histories. This study represents the first detailed exploration of this rich and fascinating literary tradition, tracing its development across deeply politicized fifteenth-century comic tales and early modern ballads. The medieval King and Commoner tales depict an incognito king becoming lost in the forest and encountering a disgruntled commoner who complains of class oppression and poaches the king's deer. This is an upside-down world of tricksters, violence, and politicized feasting that critiques and deconstructs medieval hierarchy. The commoners of these tales utilize the inversion of the medieval carnival, crowning themselves as liminal mock kings in the forest while threatening to

rend and devour a body politic that would oppress them These tales are complex and ambiguous reimagining the socio political upheaval of the late medieval period in sophisticated ruminations on class relations By contrast the early modern ballads and chapbooks see the tradition undergo a conservative metamorphosis Suppressing its more radical elements amid a celebration of proto panoptical kings the tradition reemerges as royalist propaganda in which the king watches his thankful subjects through the keyhole

Medieval Romance and Material Culture Nicholas Perkins, 2015 Studies of how the physical manifests itself in medieval romance and medieval romances as objects themselves Medieval romance narratives glitter with the material objects that were valued and exchanged in late medieval society lovers rings and warriors swords holy relics and desirable or corrupted bodies Romance however is also a genre in which such objects make meaning on numerous levels and not always in predictable ways These new essays examine from diverse perspectives how romances respond to material culture but also show how romance as a genre helps to constitute and transmit that culture Focusing on romances circulating in Britain and Ireland between the twelfth and sixteenth centuries individual chapters address such questions as the relationship between objects and protagonists in romance narrative the materiality of male and female bodies the interaction between visual and verbal representations of romance poetic form and manuscript textuality and how a nineteenth century edition of medieval romances provoked artists to homage and satire

The Facts on File Companion to British Poetry Before 1600 Michelle M. Sauer, 2008 Some of the most important authors in British poetry left their mark on literature before 1600 including Geoffrey Chaucer Edmund Spenser and of course William Shakespeare The Facts On File Companion to British Poetry before 1600 is an encyclopedic guide to British poetry from the beginnings to the year 1600 featuring approximately 600 entries ranging in length from 300 to 2 500 words

Robin Hood Thomas H. Ohlgren, Lister M. Matheson, 2007 While references to Robin Hood began to appear as early as the thirteenth century in legal records the earliest surviving poems did not appear in manuscripts and early printed books until the fifteenth and sixteenth centuries Several fourteenth century allusions in the

works of William Langland and Geoffrey Chaucer suggest that the rymes of Robyn Hood were widely circulating by the 1370s but it is vital to note none of these late fourteenth century works survives A better approach Thomas H Ohlgren argues is to focus on what has actually survived rather than on what might have existed As a result the poems Robin Hood and the Monk and Robin Hood and the Potter which survive in two different Cambridge manuscripts of the last third of the fifteenth century and A Lytell Geste of Robyn Hode which was printed at least seven times in the sixteenth century must receive pride of place in the canon because they have a physical reality as material artifacts in short they exist and provide valuable information about the places and times of their composition and dissemination *Outlawry in Medieval Literature* T. Jones, 2010-11-22

Drawing on new historical principles this book examines literary and historical narratives legal statutes and records sermons lyric poetry and biblical exegesis circulating in medieval England in order to theorize the figure of the outlaw and uncover the legal ethical and social assumptions that underlie the practice of outlawry **Icons of the Middle Ages** Lister M. Matheson, 2011-12-02 From Thomas Becket to Charlemagne from Leif Erickson to Count Dracula this series of biographical essays separates truth from legend as it explores the lives of some of the most accomplished and influential figures of medieval history Drawing on the latest research Icons of the Middle Ages Rulers Writers Rebels and Saints examines the lives of some of the most remarkable personalities of the Medieval Era powerful ruthless compassionate brilliant people who remain widely influential today Each portrait in this extraordinary gallery sets its subject in the context of their world revealing what we really know about their lives their iconic status in their own times and their lasting legacies in our time Readers will encounter fascinating individuals devoted to the pursuit of power Richard III to freedom Robert the Bruce to philosophy and religion Maimonides Thomas More and to the arts Dante Hildegard of Bingen Additional chapters explore life in the medieval castle and the advent of siege warfare two defining developments in the Middle Ages **The Historical Literature of the Jack Cade Rebellion** Alexander L. Kaufman, 2016-03-16 Accounts of Jack Cade's 1450 Rebellion an uprising of some 30 000 middle class citizens protesting Henry VI's policies and resulting in hundreds of deaths as well as the leaders execution form the dominant entry in a group of quasi historical documents referred to as the London chronicles of the Fifteenth Century However each chronicle is inherently different and highly subjective In the first study of the primary documents related to the Cade Rebellion Alexander L Kaufman shows that the chroniclers produced multiple representations of the event rather than a single unified narrative Aided by contemporary theories of historiography and historical representation Kaufman scrutinizes the differing representations and distinguishes the writers objectiveness their underrated literary skills and their ideological positions on the rebellion and fifteenth century politics He demonstrates how the use of figurative language is related to writing about trauma and how descriptions of Cade's procession through London are a violent parody of midsummer festivals In an exploration of authenticity in the descriptions of Cade Kaufman also examines the characterization and plot devices that push Cade towards the realm of myth showing that representations of

Cade are influenced by popular fifteenth century stories of Robin Hood

Robin Hood and the Outlaw/ed Literary

Canon Lesley Coote, Alexander L. Kaufman, 2018-08-06 This cutting edge volume demonstrates both the literary quality and the socio economic importance of works on the matter of the greenwood over a long chronological period These include drama texts prose literature and novels among them children s literature and poetry Whilst some of these are anonymous others are by acknowledged canonical writers such as William Shakespeare Ben Jonson and John Keats The editors and the contributors argue that it is vitally important to include Robin Hood texts in the canon of English literary works because of the high quality of many of these texts and because of their significance in the development of English literature
