Mindfulness for Educational Practice Gordon S. Gates, 2015-03-01 This book is the 8th Volume in the Research on Stress

and Coping in Education Series Mindfulness is gaining attention within many disciplines including education and the authors present original research and current theory for examining ways such practice can be used to improve school outcomes for students and strengthen supports for teachers and school leaders The chapters are written to be useful for practitioners and pre service educators by posing recommendations for those considering these strategies and techniques Specific treatment is given to work of teachers principals and superintendents Research is beginning to document the acceptability and efficacy of mindfulness based interventions MBIs in the reduction of stress and burnout and in the improvement of occupational health and well being among educators and school administrators In this groundbreaking volume of the Research on Stress and Coping in Education series Mindfulness for Educational Practice A Path to Resilience for Challenging Work educational researchers and practitioners advance the exploration of MBIs in educational settings by asking how they might contribute not only to stress reduction and resilience enhancement but also to the improvement of relationships and the everyday practices of leadership teaching and learning in the schools Individual chapters in this volume focus on key questions in the field of study concerned with mindfulness in education today including 1 What is the role of MBIs in enhancing emotional self awareness and self care in teachers as well as their sense of efficacy and agency with regard to making broader educational changes 2 Can mindfulness training by enhancing attentiveness to counterfactual or novel information as well as environmental conditions and other people s perspectives more generally benefit educational leaders in their work in guiding their staffs towards collaborative educational reforms 3 Can the cultivation of emotional awareness and emotion regulation skills e g non reactivity through mindfulness training help educators from pre service teachers to superintendents to improve their interpersonal skills with students families and community members 4 In classroom settings can the cultivation of mindfulness and compassion in teachers promote closer teacher student relationships and greater student engagement in learning academic subjects like math These are the timely and important pragmatic questions addressed theoretically empirically and practically in this volume The collective chapters in this volume drawn largely from the experience of practitioners working in the schools everyday are characterized by qualitative and action research methods and phenomenological reports of educators as they embark on a process of professional development through mindfulness training As such the volume marks a significant contribution in terms of documenting the perspectives challenges and triumphs educators are currently experiencing as they engage with MBIs in education both within and beyond the mindfulness training context The book is an excellent read and an important one for all those interested in research on mindfulness in education today Robert W Roeser Co Editor with Dr Kimberly Schonert Reichl of Handbook of Mindfulness in Education Theory Research Practice 2015 Springer Professor of Psychology Portland State University Portland Oregon September 14 2014 **What Mennonites Are Thinking 1999** Merle Good,Phyllis Pellman Good,2013-05 In a remote canyon in northern New Mexico the early morning stillness is broken by voices chanting praises to the Lord And thus begins

the daily cycle in the Godcentered life and search of the Benedictine monks at the Monastery of Christ in the Desert Seeking God is a monastic tapestry The daily life of the monks is interwoven with the seasonal changes and celebrations and the candid words of the monks as they speak of their life their hopes and doubts their hardships fears and joys their prayer Weaving this tapestry together are the hauntingly beautiful chants songs of praise and reverence that echo through the darkness before dawn throughout the day through the solemnity of Vespers in the evening and Compline at night The majestic beauty of the environment captured in every season reflects a peace and tranquility that becomes an integral part of this monastic tapestry The high red rock walls of the canyon where eagles fly cradle the valley whose stillness is broken only by the flowing waters of the Chama River and the winds that occasionally funnel through Seeking God presents the ongoing process of the monastic way through the words and activities of these Benedictine monks as they move through the day and through the seasons in their search for God through prayer work study and song

Edgewalkers Judi Neal, 2006-10-30 In ancient cultures each village had a shaman or medicine man who would visit the invisible world to obtain vital information guidance and healing for members of the tribe These edgewalkers have contemporary counterparts in today's organizations those individuals who don't fit squarely into any one box in their metaphorical travels they interpret trends from the marketplace translate messages across departments and envision the future impact of today's decisions and actions Edgewalking doesn't come without its own risks and challenges these unconventional people often clash with more traditional rule bound colleagues and they are often frustrated by organizational systems that emphasize quantitative results over creative impulses And yet in today's fast changing diverse and globalized business environment organizations must recruit and support these people in order to stay competitive Featuring colorful interviews and practical tools to gauge and manage your own edgewalking skills Edgewalkers explores the opportunities that are created by defying formal boundaries and fostering creativity at every level of the organization They're the first people to volunteer to head up a new business unit lead a cross company initiative or take on an overseas assignment They're the glass half full folks who are constantly thinking out of the box forging alliances with colleagues in other departments seeking out new solutions to old problems and anticipating challenges on the horizon And in today's increasingly diverse workplaces they are often people who have pursued unusual educational and career paths traveled widely and speak more than one language Judi Neal has a term for these people Edgewalkers Literally an edgewalker is someone who walks between two worlds In ancient cultures each village had a shaman or medicine man who would visit the invisible world to obtain vital information guidance and healing for members of the tribe Today's corporate edgewalkers serve a similar function interpreting trends from the marketplace translating messages across departments and envisioning the future impact of today's decisions and actions Edgewalking doesn't come without its own risks and challenges these unconventional people often clash with more traditional rule bound colleagues and they are often frustrated by organizational systems that emphasize quantitative results over creative impulses

And yet in today's fast changing globalized business environment organizations must recruit and support these people in order to stay competitive. Featuring colorful interviews with edgewalkers from a variety of fields and practical tools to gauge and manage your own edgewalking skills, *Edgewalkers* explores the opportunities that are created by defying formal boundaries and fostering creativity at every level of the organization.

Mindfulness-Based Strategic Awareness Training
Juan Humberto Young, 2016-09-19

Mindfulness Based Strategic Awareness Training: A Complete Program for Leaders and Individuals is the first book to link mindfulness training and positive psychology to the leadership strategy and management issues faced by individuals and organizations. Sets out a complete program in Mindfulness based Strategic Awareness Training (MBSAT), a new form of strengths based business mindfulness training which enhances participants' ability to perceive opportunities, adapt and grow. Draws on research from neuroscience, positive psychology, behavioural finance and management to show how leaders, managers and individuals can build and maintain more resonant relationships and adapt to constant change. Includes real life vignettes, specific instructions and a wealth of resources designed to guide experiential learning, including background information, exercises, guidelines, handouts, graphics and guided audio meditations.

Mindfulness training is increasingly used in organizational contexts; the author is a pioneer in designing and delivering training that applies mindfulness and positive psychology to the strategic challenges of management and business.

Reviews by Experts: This book is important for all who seek to lead organizations, showing how mindfulness can be combined with the findings from positive psychology for the benefit of all. The book is not just good theory; it also provides a step by step practical program to cultivate a balance between motivation for outcomes on the one hand and compassion toward self and others on the other. Here are skills that can be learned, skills that can truly inspire and sustain wise leadership.

Mark Williams, Emeritus Professor of Clinical Psychology, University of Oxford, was also the Founding Director of the Oxford Mindfulness Centre. Now Senior Research Fellow at the Department of Psychiatry of Oxford University. Author of *Mindfulness: An Eight Week Plan for Finding Peace in a Frantic World*. Co-author with Zindel V. Segal and John Teasdale of *Mindfulness Based Cognitive Therapy for Depression*.

In today's disruptive times, it is happy and loyal customers that count. This rich and practical book provides an exceptionally smart learning tool to help consumers make mindful decisions that lead to happiness. And for any leader and manager, it is a key reading for making wise business and marketing decisions that create value.
