BEAUTIFUL GIFT EDITION OF THE NEW YORK TIMES BESTSELLER YOU CAN HEAL YOUR LIFE THAT SOLD OVER 50 MILLION COPIES THE DEFINITIVE GUIDE ON SELF HEALING AFFIRMATIONS AND THE POWER OF THE MIND TO HEAL THE BODY Louise Hay writes to your soul where all healing begins I love this book and I love Louise Hay Dr Wayne W Dyer author of 10 Secrets for Success and Inner Peace and The Power of Intention You Can Heal Your Life has transformed the lives of millions of people This is a book that people credit with profoundly altering their awareness of the impact that the mind has on health and wellbeing In this inspirational limited edition gift book by the late world renowned bestselling author and self help pioneer Louise Hay you ll find profound insight into the relationship between the mind and the body Exploring the way that limiting thoughts and ideas control and constrict us she offers us a powerful key to understanding the roots of our physical dis eases and discomforts Full of positive affirmations this practical guidebook will change the way you think forever Louise Hay bestselling author is an internationally known leader in the self help field Her key message is If we are willing to do the mental work almost anything can be healed Louise Hay has a great deal of experience and firsthand information to share about healing including how she cured herself after being diagnosed with cancer Some Chapters of You Can Heal Your Life Include What Is the Problem Where Does It Come From Is It True What Do We Do Now Resistance To Change How To Change Building The New Daily Work Relationships Work Success Prosperity The Body The List To those of you who may be new to using affirmations I d like to share with you the following Every thought we think and every word we speak creates our future Life is really very simple What we give out we get back What we think about ourselves becomes the truth for us I believe that everyone myself included is responsible for everything in our lives the best and the worst Affirmations are like seeds that you plant and expect to grow I urge you to discover the power of affirmations as there are no limits to what they can bring All is well you are safe Life loves you and so do I Louise Hay Meditations for Healing Larry Moen,2011-05-01 To be healed implies physical and mental strength and freedom from disease The dis ease we encumber in our own being is a result of past programming It has been my experience that this past programming can be purified through the process of guided meditation For that reason I have assembled this collection of healing meditations from a varied group of guides including psychologists therapists physicians and others who offer imagery techniques as part of their lives or careers Each imagery can be perceived as a prayer You are simply asking for and receiving what your unlimited higher self has to offer Images can produce powerful emotions and unlock psychological blocks As you turn inward you may find light truth and love which may be different from your normal conscious state You may also discover darkness deceit and fear which in this world of duality is only a mask covering the higher states of consciousness Love is a powerful healer that can be revealed or enhanced through meditation Creating a loving atmosphere is beneficial to those who are physically ill Imagery can also help the body boost its immune system increase the production of chemicals that encourage healing and generally relax and promote the peace and love an individual needs to aid in the healing process Allowing yourself to love yourself has

surprising consequences It helps you become free break down psychological walls be fearless and be strong It is only after you love yourself that you can begin to heal Visualization has also been found to enhance learning build self confidence and improve athletic ability It is not magic and it is not supernatural Guided imagery is a simple matter of relaxing uncluttering your mind and focusing your thoughts clearly on what you wish to accomplish It helps create a more receptive environment to help you achieve your desired results During my many years of practicing meditation and unlocking the secrets of my own psyche I have found that what we concentrate on we receive If a person concentrates on not getting negative results negative results still occur because the focus is on the negative On the other hand by focusing on the positive one will move in that direction receiving positive results This book is filled with positive Another important healing benefit of meditation is the release of stress When stress is not released it can be internalized and cause psychological and physical damage Guided meditation is one of the many tools available for teaching people how to let go of tension anger fear anxiety and other stress producing emotions that cause illness This book will help you change and improve your life by guiding you to your own inner strength Such strength is innate in each one of us and while many people rely on outside influences persons or materials to achieve changes and growth all the tools you need are present within you Guided imagery helps you see yourself the way you wish to be As you practice visualization you become more and more comfortable with a new reality for yourself For example if you are hesitant about speaking in front of an audience you can visualize successful speeches and see yourself in front of an audience in a calm controlled manner Of course you still must actually practice speaking in addition to the imagery But the imagery will enhance your progress and success These meditations are given to you with sincere love and hope that they will help enhance your personal abilities and mental powers Allow yourself to let go and enjoy these experiences You are all the things you want to be Guided imagery will help you discover that
