JOHN S MILLIS In 1966 the Citizens Commission on Graduate Medical Education observed that the explosive growth in biomedical science and the consequent increase in medical skill and technology of the twentieth century had made it possible for physicians to respond to the episodes of illness of patients with an ever increasing effectiveness but that the increase in knowledge and technology had forced most physicians to concentrate upon a disease entity an organ or organ system or a particular mode of diagnosis or therapy As a result there had been a growing lack of continuing and comprehensive patient care The Commission expressed the opinion that Now in order to bring medicine s enhanced diagnostic and therapeutic powers fully to the benefit of society it is necessary to have many physicians who can put medicine together again The Commission proceeded to recommend the education and training of substantial numbers of Primary Physicians who would

by assuming primary responsibility for the patient's welfare in sickness and in health provide continuing and comprehensive health care to the citizens of the United States In 1978 it is clear that the recommendation has been accepted by the public the medical profession and medical education There has been a vigorous response in the development of family medicine and in the fields of internal medicine pediatrics and obstetrics One is particularly impressed by the wide acceptance on the part of medical students of the concept of the primary physician Dr John S Plunkett's *Procedures for the Medical Administrative Assistant* Heather D Ramsay, Marie Rutherford, 2019-12-11 NEW Four Colour design with new art programme better illustrates current concepts and improves readability and visual appeal UPDATED Expanded coverage of healthcare plans across Canada NEW Coverage of Electronic Medical Records EMR NEW Evolve site including chapter review questions review questions videos forms and templates audio glossary and more UPDATED Reflects contemporary standards technological tools and terminology used in day to day modern health care practice NEW New and revised learning tools including learning objectives key terms assignment boxes tips critical thinking boxes and Did You Know boxes UPDATED Reflects current privacy legislation PIPEDA and changes to provincial and territorial Freedom of Information acts NEW Chapter order and comprehensive Table of Contents **Patient Safety Initiative 2000** National Patient Safety Foundation (U.S.), 2001 Computerworld, 1976-10-18 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network *Plunkett's Infotech Industry Almanac, 2001-2002* Jack W.
