Meeting God, 2008

Meeting God Peter Jeffery, 2007-10-01 Whether a man calls himself a Christian or a Muslim or an atheist all are sinners by nature and action It is this sin that God sent Jesus into the world to deal with But are we so eager for God to deal with our sin and evil Sin is sometimes violent and evil sometimes it seems pleasant and attractive but always it is opposed to God and God is always opposed to it Gods wrath is an inevitable product of his holiness In this book Peter Jeffery looks alternatively at contemporary situations and Biblical characters who meet with God He describes these events in an evangelistic way so that a challenge is brought to bear upon the reader as to his or her own standing before God The situation of the sinner before the Holy God is hopeless and it would remain so apart from the grace of God Gods answer to our sin is Jesus He alone is the Saviour who can take our sin away and purchase for us a full forgiveness and salvation You need Jesus and you need Him today The matter is urgent so pray to him for pardon and ask for mercy The last train for heaven has not yet departed and there is room on it for you if know the Lord Jesus Christ as your Saviour Get your seat reserved now

One Step Closer CJ Plogger,2016-12-31 A journey is a collaboration and culmination of many steps Sometimes our steps move us forward or backwards Sometimes we take steps to the left or to the right Our goal should be that our steps move us toward a definite destination We hope that our steps are taking us nearer to that which will make us stronger better or even be greater people As our steps are crucial our end point is as well If we want to have the life that God has in store for us we need to be walking toward Him daily God has a life of peace and joy for us Not problem free but one of peace Not without tribulations or trouble but one of triumph In order for us to possess this life God has to be our end destination He has to be the one that we are focusing and He has to be the one that we are depending upon In order for us to grow in the Lord and step closer to Him we must be intentional It would be wonderful if we could just wake up and be spiritually stronger than we have ever been before But that is not reality We must be systematic and strategic if we are going to grow in the Lord This book will help and lead you to grow spiritually Jesus said If we are to follow Him we are to take up our cross daily One Step Closer is a tool that will not only strengthen us now it will impact our eternity

Free Will and God's Universal Causality W. Matthews Grant,2019-05-16 The traditional doctrine of God s universal causality holds that God directly causes all entities distinct from himself including all creaturely actions But can our actions be free in the strong libertarian sense if they are directly caused by God W Matthews Grant argues that free creaturely acts have dual sources God and the free creaturely agent and are ultimately up to both in a way that leaves all the standard conditions for libertarian freedom satisfied Offering a

comprehensive alternative to existing approaches for combining theism and libertarian freedom he proposes new solutions for reconciling libertarian freedom with robust accounts of God's providence, grace and predestination. He also addresses the problem of moral evil without the commonly employed Free Will Defense. Written for analytic philosophers and theologians, Grant's approach can be characterized as neo-scholastic as well as analytic since many of the positions defended are inspired by consonant with and develop resources drawn from the scholastic tradition, especially Aquinas.

The Chronicler as Theologian M. Patrick Graham, 2003-09-01 The fifteen articles in this volume arising from work in the Chronicles Ezra Nehemiah Section of the Society of Biblical Literature engage with the author's thought and message through analysis of certain critical texts or by identifying and tracing larger themes through the work. The collection follows *The Chronicler as Historian* and *The Chronicler as Author*. Like these previous volumes, this book also endeavours to show the diverse approaches employed in Chronicles scholarship. Contributors: Robert H. Smith, Allen W. Mueller, Gary N. Knoppers, Gerrie F. Snyman, Ehud Ben Zvi, Philip Abadie, Mark A. Throntveit, Leslie C. Allen, Christopher T. Begg, Roddy L. Braun, John C. Endres, Isaac Kalimi, Brian E. Kelly, William M. Schniedewind and John W. God's Outrageous Claims Lee Strobel, 2009-05-26 Lose your life to save it. The first will be last. The meek will inherit the earth. Many of Jesus' claims clashed with common sense and turned logic on its head. But these are the very things that are so compelling about following him: the very things that can change the entire trajectory of your life. Lee Strobel, author of the bestselling book *The Case for Christ*, burrows deep into the wildest claims of the Bible about life with God, how we can grow in virtue, relate to others with authenticity, earn a living with integrity and make a difference even in the midst of a culture that's unraveling at the seams. Starting with the incredible freedom found in forgiving your enemies, you'll encounter thirteen counter-cultural, seemingly contradictory beliefs that even many Christians find difficult to wrap their minds around: claims such as "A dose of doubt may strengthen your faith," "God has a cure for your secret loneliness," "You can make a difference that will last for eternity." Playing it safe is the most dangerous way to live. *God's Outrageous Claims* will not only challenge your existing presuppositions, this book offers a fresh, enlightening perspective on a purposeful and fulfilling life journey guided by God's teachings. A profound read for both believers and skeptics alike.

God's Presence Frances Young, 2013-10-10 In 2011, Frances Young delivered the Bampton Lectures in Oxford to great acclaim. She offered a systematic theology with contemporary coherence by engaging in conversation with the fathers of the church, those who laid down the parameters of Christian theology and enshrined key concepts in the creeds, and exploring how their teachings can be applied today despite the differences in our intellectual and ecclesial environments. This book results from a thorough rewriting of those lectures in which Young explores the key topics of Christian doctrine in a way that is neither simply dogmatic nor simply historical. She addresses the congruence of head and

heart through academic and spiritual engagement with God's gracious accommodation to human limitations Christianity and biblical interpretation are discussed in depth and the book covers key topics including Creation anthropology Christology soteriology spirituality ecclesiology and Mariology making it invaluable to those studying historical and constructive theology

Dramatic Encounters in the Bible M. E. Andrew, 2013-07-31 This book began when the author realised that when people said they were fascinated by particular biblical passages they were usually ones that presented dramatic encounters between people and between God and people Such are the passages interpreted in this book They usually set a vivid scene that heightens the dramatic nature of the encounter and animated dialogue often directly addresses the reader There is also animated action that is vividly striking and often sudden and unexpected These features involve the readers themselves and may question them about what they expect Indeed the dramatic encounters provocatively lead to unexpected new life in the future

Science And Theology Ted Peters, 2019-05-20 How can we think about God's action in a quantum world of indeterminacy in a world that began with a Big Bang in a world in which life evolved and is continually evolving in a world governed by entropy and heading toward its eventual heat death These are some of the most perplexing questions that have arisen from the rapid scientific and technological advances

Franz Rosenzweig and Jehuda Halevi Barbara Ellen Galli, Franz Rosenzweig, 1995 Franz Rosenzweig 1886-1929 one of the most daunting modern Jewish thinkers exercises a profound influence on contemporary philosophy and modern Jewish thought In this seminal study Barbara Galli provides the first English translation of Franz Rosenzweig's Jehuda Halevi *Zweiundneunzig Hymnen und Gedichte* a German translation of the poems of the great medieval Jewish poet Jehuda Halevi followed by a lively interpretive response Galli's primary aim is to explore Rosenzweig's statement that his Notes to Halevi's poems exemplify a practical application of the philosophic system he set out in *The Star of Redemption* Through an extended multifaceted investigation of Rosenzweig's thought Galli uncovers his philosophy of translation out of which she determines and unravels his philosophic conclusion and his belief that there is only one language In the final chapters she concentrates on the Notes to the poems and in doing so attempts to philosophize according to Rosenzweig's own mandate full speech is word and response
