Avataras: Four Lectures Delivered at the Twenty-Fourth Anniversary Meeting of the

Theosophical Society at Adyar, Madras, December, 1899 Annie Wood Besant, 1900-01-01 Every time that we come here together to study the fundamental truths of all religions I cannot but feel how vast is the subject how small the expounder how mighty the horizon that opens before our thoughts how narrow the words which strive to sketch it for your eyes Year after year we meet time after time we strive to fathom some of those great mysteries of life of the Self which form the only subject really worthy of the profoundest thought of man All else is passing all else is transient all else is but the toy of a moment Fame and power wealth and science all that is in this world below is as nothing beside the grandeur of the Eternal Self in the universe and in man one in all His manifold manifestations marvellous and beautiful in every form that He puts forth And this year of all the manifestations of the Supreme we are going to dare to study the holiest of the holiest those manifestations of God in the world in which He shows Himself as divine coming to help the world that He has made shining forth in His essential nature the form but a thin film which scarce veils the Divinity from our eyes How then shall we venture to approach it how shall we dare to study it save with deepest reverence with profoundest humility for if there needs for the study of His works patience reverence and humbleness of heart what when we study Him whose works but partially reveal Him when we try to understand what is meant by an Avat ra what is the meaning what the purpose of such a revelation Our President has truly said that in all the faiths of the world there is belief in such manifestations and that ancient maxim as to truth that which is as the hall mark on the silver showing that the metal is pure that ancient maxim is here valid that whatever has been believed everywhere whatever has been believed at every time and by every one that is true that is reality Religions quarrel over many details men dispute over many propositions but where human heart and human voice speak a single word there you have the mark of truth there you have the sign of spiritual reality But in dealing with the subject one difficulty faces us faces you as hearers faces myself as speaker In every religion in modern times truth is shorn of her full proportions the intellect alone cannot grasp the many aspects of the one truth So we have school after school philosophy

after philosophy each one showing an aspect of truth and ignoring or even denying the other aspects which are equally true Nor is this all as the age in which we are passes on from century to century from millennium to millennium knowledge becomes dimmer spiritual insight becomes rarer those who repeat far out number those who know and those who speak with clear vision of the spiritual verity are lost amidst the crowds who only hold traditions whose origin they fail to understand The priest and the prophet to use two well known words have ever in later times come into conflict one with the other The priest carries on the traditions of antiquity too often he has lost the knowledge that made them real The prophet coming forth from time to time with the divine word hot as fire on his lips speaks out the ancient truth and illuminates tradition But they who cling to the words of tradition are apt to be blinded by the light of the fire and to call out heretic against the one who speaks the truth that they have lost Therefore in religion after religion when some great teacher has arisen there have been opposition clamour rejection because the truth he spoke was too mighty to be narrowed within the limits of half blinded men And in such a subject as we are to study to day certain grooves have been made certain ruts as it were in which the human mind is running and I know that in laying before you the occult truth I must needs at some points come into clash with details of a tradition that is rather repeated by memory than either understood or the truths beneath it grasped Pardon me then my brothers if in a speech on this great topic I should sometimes come athwart some of the dividing lines of different schools of Hindu thought I may not I dare not narrow the truth I have learnt to suit the limitations that have grown up by the ignorance of ages nor make that which is the spiritual verity conform to the empty traditions that are left in the faiths of the world By the duty laid upon me by the Master that I serve by the truth that He has bidden me speak in the ears of men of all the faiths that are in this modern world by these I must tell you what is true no matter whether or not you agree with it for the moment for the truth that is spoken wins submission afterwards if not at the moment and any one who speaks of the ishis of antiquity must speak the truths that they taught in their days and not repeat the mere commonplaces of commentators of modern times and the petty orthodoxies that ring us in on every side and divide man from man

Tibet's Great Yogī Milarepa W. Y. Evans-Wentz, 2000-09-28

This life story of Milarepa the important Tibetan religious leader who lived over 800 years ago is part of a remarkable four volume series on Tibetan Buddhism produced by the late W Y Evans Wentz all four of which are being published by Oxford in new editions While there are many parochial differences among the several sects of Tibetan Buddhism each holds the Great Yogi Milarepa in the highest reverence and esteem For exemplified in Milarepa s life as we discover in these pages are all of the teachings of the great yogis of India including those of Gautama the Buddha the greatest yogi known to history Amid his detailed introductory and explanatory notes for this text Evans Wentz also reveals compelling similarities between the life and thought of Milarepa and those of Jesus Gandhi and saints in ancient China or India or Babylonia or Egypt or Rome or in our own epoch In composing this translation from the original Tibetan the late L ma Kazi Dawa Samdup who was Evans Wentz s guru for many years aimed to show Western readers one of our great

teachers as he actually lived much of which is couched in the words of his own mouth and the remainder in the words of his disciple Rechung who knew him in the flesh For this third edition Donald S Lopez author of Prisoners of Shangri La Tibetan Buddhism and the West has written a critical foreword that updates and contextualizes this crucial part of Evans Wentz's scholarship within the yoga tradition

Tibet's Great Yogi, Milarepa Gtsaṅ-smyon He-ru-ka, Zla-ba-bsam-'grub (Kazi), 2000 This extraordinary work is the life story of Milarepa the important Tibetan religious leader who lived over 800 years ago While there are many differences among the several sects of Tibetan Buddhism each holds the Great Yogi Milarepa in the highest reverence and esteem

Fight to Win A.J. Withers, 2021-11-10T00:00:00Z AJ Withers draws on their own experiences as an organizer extensive interviews with the Ontario Coalition Against Poverty OCAP activists and Toronto bureaucrats and freedom of information requests to provide a detailed account of the work of OCAP This book shows that poor people's organizing can be effective even in periods of neoliberal retrenchment Fight to Win tells the stories of four key OCAP homelessness campaigns stopping the criminalization of homeless people in a public park the fight for poor people's access to the Housing Shelter Fund a campaign to improve the emergency shelter system and the City's overarching but inadequate Housing First policy and the attempt by the City of Toronto to drive homeless people from encampments during the COVID pandemic This book shows how power works at the municipal level including the use of a multitude of demobilization tactics devaluing poor people as sources of knowledge about their own lives and gaslighting poor people and anti poverty activists AJ Withers also details OCAP's dual activist strategy direct action casework coupled with mass mobilization for both immediate need and long term change These campaigns demonstrate the validity of OCAP's longstanding critiques of dominant homelessness policies and practices Each campaign was fully or partially successful these victories were secured by anti poverty activists through the use of and the threat of direct disruptive action tactics
