Meister Eckhart Teacher And Preacher:

Meister Eckhart, Teacher and Preacher Meister Eckhart, Bernard McGinn, 1986 Bargains in books are rare today but one would be hard put to find in American publishing anything superior to these in content and format The Parish Visitor Meister Eckhart Teacher and Preacher edited by Bernard McGinn with the collaboration of Frank Tobin and Elvira Borgstadt preface by Kenneth Northcott When this temple is thus free of all obstacles namely possessiveness and ignorance then it sparkles so beautifully and shines so purely and bright above everything that God created and through everything that God created that no one can be compared to it in brightness but the uncreated God alone If the soul of a man still living in time were standing on the same level as the highest angel this person could reach immeasurable higher in his free capability above the angel in ever now new beyond number that is and beyond manner and above the manner of the angels and any created intellect Meister Eckhart c 1260 1327 Here are the texts that illustrate the diversity of one of the most enigmatic and influential mystics of the Western Christian tradition Eckhart the teacher is represented by the Commentary on Exodus and by selections from six other commentaries including the Commentary on Wisdom 7 14 the Commentary on Ecclesiasticus 24 29 and the Commentary on John 14 8 Eckhart s ministry as a preacher was an equally important part of the man and thus his sermons from both the Latin and the Middle High German manuscripts are included What emerges is a comprehensive picture of the works of this great speculative theologian Together with Meister Eckhart The Essential Sermons Commentaries and Treatises this work form the most extensive corpus of Eckhart s writings in English

Comparative Theology and the Problem of Religious Rivalry Hugh Nicholson,2011-04-08 In theological discourse argues Hugh Nicholson the political goes all the way down One never reaches a bedrock level of politically neutral religious facts because all theological discourse even the most sublime edifying and spiritual is shot through with polemical elements Liberal theologies from the Christian fulfillment theology of the nineteenth century to the pluralist theology of the twentieth have assumed that religious writings attain spiritual truth and sublimity despite any polemical elements they might contain Through his analysis and comparison of the Christian mystical theologian Meister Eckhart and his Hindu counterpart aSkara Nicholson arrives at a very different conclusion Polemical elements may in fact constitute the creative source of the expressive power of religious discourses Wayne Proudfoot has argued that mystical discourses embody a set of rules that repel any determinate understanding of the ineffable object or experience they purport to describe In Comparative Theology and the Problem of Religious Rivalry Nicholson suggests that this principle of negation is connected perhaps through a process of abstraction and sublimation with the need to distinguish oneself from one's intra and/or inter religious adversaries Nicholson proposes a new model of comparative theology that recognizes and confronts one of the most urgent cultural and political issues of our time namely the return of the political in the form of anti secular and fundamentalist movements around the world This model acknowledges the ineradicable nature of an oppositional dimension of religious discourse while honoring and even advancing the liberal project of curtailing intolerance and prejudice in the sphere of religion

Christian Mysticism and Incarnational Theology Louise Nelstrop,Simon D. Podmore,2016-05-23 This book examines the relationship between transcendence and immanence within Christian mystical and apophatic writings Original essays from a range of leading established and emerging scholars in the field focus on the roles of language signs and images and consider how mystical theology might contribute to contemporary reflection on the Word incarnate This collection of essays re-examines works from such canonical figures as Eckhart Augustine Plotinus Pseudo Dionysius Nicolas of Cusa Teresa of Avila John of the Cross Julian of Norwich along with the philosophical thought of Iris Murdoch Jacques Lacan and Martin Heidegger and the contemporary phenomena of the Emerging Church Presenting new readings of key ideas in

mystical theology and renewed engagement with the visionary and the everyday the therapeutic and the transformative these essays question how we might think about what may lie between transcendence and immanence *Art, Desire, and God* Kevin G. Grove, Christopher C. Rios, Taylor J. Nutter, 2023-08-24 Bringing together thinkers from philosophy of religion religious studies music art and film while drawing on a wealth of phenomenological resources and methods a team of renowned scholars provide new vantages on the question of how art is an expression of the human desire for God In three interrelated parts chapters employ phenomenological tools to propose new ways for speaking of the desire for God Scholars first draw upon music sculpture film and painting to develop ways of expressing diverse philosophical and religious aspects characteristic of aesthetic experience The discussion then opens up to examine the mystical and wounded aspects of embodied interface with God The final part investigates embodied aesthetic praxis in philosophy of religion and religious studies With several contributions engaging with the embodied aesthetic experience of underrepresented voices *Art Desire and God* offers constructive phenomenological bridges across divides of disciplines aesthetic experiences and embodied actions **Text und Mystik** Karl Baier, Regina Polak, Ludger Schwienhorst-Schönberger, 2013-04-24 Religious traditions tend to consider a purely cognitive understanding of their holy scriptures as being insufficient Different spiritual exercises function as preparation for grasping the deeper meaning of the texts The oldest forms of interpretation are connected to ritual meditation and prayer On the other hand quite early on a process of differentiation began to separate interpretation and spiritual practice Important sections of the explanation of authoritative texts were being relocated within institutions of higher education This resulted in a tension between religious reading and scientific reading This volume brings together an array of specialists who analyze the relation between spiritual practice and the scientific reading of holy texts in Hinduism Buddhism and Christianity In addition to detailed historical analyses particular attention is paid to the significance of contemplative exegesis in contemporary Christian theology *An Introduction to Medieval Theology* Rik van Nieuwenhove, 2012-04-19 Medieval theology in all its diversity was radically theo centric Trinitarian Scriptural and sacramental It also operated with a profound view of human understanding in terms of intellectus rather than mere ratio In a post modern climate in which the modern views on autonomous reason are increasingly being questioned it may prove fruitful to re engage with pre modern thinkers who obviously did not share our modern and post modern presuppositions Their different perspective does not antiquate their thought as some of the cultured despisers of medieval thought might imagine On the contrary rather than rendering their views obsolete it makes them profoundly challenging and enriching for theology today This book is more than a survey of key medieval thinkers from Augustine to the late medieval period it is an invitation to think along with major theologians and explore how their thought can deeply challenge some of today s modern and post modern key assumptions **Introduction to Medieval Theology** Rik Van Nieuwenhove, 2022-03-24 The best introduction to medieval theology from the time of St Augustine to the 14th century in an expanded 2nd edition This volume

invites us to think along with major theologians and spiritual authors in order to understand how pre modern thought can enrich and challenge us in a post modern context **Faith, Reason, and Theosis** Aristotle Papanikolaou, George E. Demacopoulos, 2023-10-03 Theosis shapes contemporary Orthodox theology in two ways positively and negatively In the positive sense contemporary Orthodox theologians made theosis the thread that bound together the various aspects of theology in a coherent whole and also interpreted patristic texts which experienced a renaissance in the twentieth century even in Orthodox theology In the negative sense contemporary theologians used theosis as a triumphalistic club to beat down Catholic and Protestant Christians claiming that they rejected theosis in favor of either a rationalistic or fideistic approach to Christian life The essays collected in this volume move beyond this East West divide by examining the relation between faith reason and theosis from Orthodox Catholic and Protestant perspectives A variety of themes are addressed such as the nature grace debate and the relation of philosophy to theology through engagement with such diverse thinkers as Thomas Aquinas John Wesley Meister Eckhart Dionysius the Areopagite Symeon the New Theologian Panayiotis Nellas Vladimir Lossky Martin Luther Martin Heidegger Sergius Bulgakov John of the Cross Delores Williams Evagrius of Pontus and Hans Urs von Balthasar The essays in this book are situated within a current thinking on theosis that consists of a common albeit minimalist affirmation amidst the flow of differences The authors in this volume contribute to the historical theological task of complicating the contemporary Orthodox narrative but they also continue the theological achievement of thinking about theosis so that all Christian traditions may be challenged to stretch and shift their understanding of theosis even amidst an ecumenical celebration of the gift of participation in the life of God The Everlasting and the Eternal J. Kellenberger, 2015-09-15 The subject of this book is the relationship and the difference between the temporal everlasting and the atemporal eternal This book treats the difference between a temporal postmortem life and eternal life It identifies the conceptual tension in the religious idea of eternal life and offers a resolution of that tension Äußerungen des Inneren Laura E. Herrera Castillo, 2019-10-08 Der Ausdrucksgedanke ist in der europäischen Geistesgeschichte in vielfältigen Formen präsent erlangt jedoch nur selten den Status eines systematischen philosophischen Begriffs Dieser Umstand dürfte mit erklären weshalb bislang von wenigen Ausnahmen abgesehen keine expliziten Untersuchungen der Thematik aus philosophischer Perspektive erfolgt sind Allgemein gesprochen bezeichnet Ausdruck den Inhalt oder das Resultat einer Tätigkeit bei der verschiedene Sachverhalte in eine spezifische Beziehung zueinander treten Am Treffendsten lässt sich diese Beziehung mit den Figuren der Analogie des Symbols oder der Bedeutung fassen In metaphysischen Kontexten taucht der Ausdruck historisch als Entfaltung oder Widerspiegelung auf und bewegt sich im Spannungsfeld von Immanenz und Emanation Der vorliegende Sammelband vereint zehn Beiträge die den Ausdruck als philosophisches Problem bei Autoren mehrerer Epochen in den Blick nehmen Neben G W Leibniz werden die Schriften Meister Eckharts Francesco Petrarcas Ernst Cassirers Heinrich Rombachs und Alfred N Whiteheads untersucht Damit bietet der Band einen Überblick über zentrale Aspekte der

Thematik und dient zugleich als Einladung dem Ausdruck in seiner gesamten philosophischen Breite nachzuforschen The Self-Emptying Subject Alex Dubilet, 2018-04-03 Against the two dominant ethical paradigms of continental philosophy Emmanuel Levinas's ethics of the Other and Michel Foucault's ethics of self cultivation The Self Emptying Subject theorizes an ethics of self emptying or kenosis that reveals the immanence of an impersonal and dispossessed life without a why Rather than aligning immanence with the enclosures of the subject The Self Emptying Subject engages the history of Christian mystical theology modern philosophy and contemporary theories of the subject to rethink immanence as what precedes and exceeds the very difference between the human self and the divine other between the subject and transcendence By arguing that transcendence operates and subjects life in secular no less than in religious domains this book challenges the dominant distribution of concepts in contemporary theoretical discourse which insists on associating transcendence exclusively with religion and theology and immanence exclusively with modern secularity and philosophy The Self Emptying Subject argues that it is important to resist framing the relationship between medieval theology and modern philosophy as a transition from the affirmation of divine transcendence to the establishment of autonomous subjects Through an engagement with Meister Eckhart G W F Hegel and Georges Bataille it uncovers a medieval theological discourse that rejects the primacy of pious subjects and the transcendence of God Eckhart retrieves a modern philosophical discourse that critiques the creation of self standing subjects through a speculative re writing of the concepts of Christian theology Hegel and explores a discursive site that demonstrates the subjecting effects of transcendence across theological and philosophical operations and archives Bataille Taken together these interpretations suggest that if we suspend the antagonistic relationship between theological and philosophical discourses and decenter our periodizing assumptions and practices we might encounter a yet unmapped theoretical fecundity of self emptying that frees life from transcendent powers that incessantly subject it for their own ends

Suffering Time: Philosophical, Kabbalistic, and Ḥasidic Reflections on Temporality Elliot R. Wolfson, 2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson's signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time **The Otherness of God** Orrin F. Summerell, 1998 This volume offers essays on the nature of God and the fundamental tasks of philosophy and theology written by internationally recognized thinkers in the distinct fields of philosophy religious studies and theology The Otherness of God traces the lineage

of its theme from Plato and Aristotle through Neoplatonic medieval and Renaissance expression and on through Reformation thought and German idealism to dialectical theology and deconstruction This provocative collection drawn primarily from an interdisciplinary conference at the University of Virginia should attract those interested in the philosophy of religion the history of philosophy and theology and the theological interpretation of secular culture *The Monstrosity of Christ* Slavoj Žižek, John Milbank, 2011-02-25 A militant Marxist atheist and a Radical Orthodox Christian theologian square off on everything from the meaning of theology and Christ to the war machine of corporate mafia What matters is not so much that Žižek is endorsing a demythologized disenchanted Christianity without transcendence as that he is offering in the end despite what he sometimes claims a heterodox version of Christian belief John Milbank To put it even more bluntly my claim is that it is Milbank who is effectively guilty of heterodoxy ultimately of a regression to paganism in my atheism I am more Christian than Milbank Slavoj Žižek In this corner philosopher Slavoj Žižek a militant atheist who represents the critical materialist stance against religion's illusions in the other corner Radical Orthodox theologian John Milbank an influential and provocative thinker who argues that theology is the only foundation upon which knowledge politics and ethics can stand In *The Monstrosity of Christ* Žižek and Milbank go head to head for three rounds employing an impressive arsenal of moves to advance their positions and press their respective advantages By the closing bell they have not only proven themselves worthy adversaries they have shown that faith and reason are not simply and intractably opposed Žižek has long been interested in the emancipatory potential offered by Christian theology And Milbank seeing global capitalism as the new century's greatest ethical challenge has pushed his own ontology in more political and materialist directions Their debate in *The Monstrosity of Christ* concerns the future of religion secularity and political hope in light of a monstrous event God becoming human For the first time since Žižek's turn toward theology we have a true debate between an atheist and a theologian about the very meaning of theology Christ the Church the Holy Ghost Universality and the foundations of logic The result goes far beyond the popularized atheist theist point counterpoint of recent books by Christopher Hitchens Richard Dawkins and others Žižek begins and Milbank answers countering dialectics with paradox The debate centers on the nature of and relation between paradox and parallax between analogy and dialectics between transcendent glory and liberation Slavoj Žižek is a philosopher and cultural critic He has published over thirty books including *Looking Awry* *The Puppet and the Dwarf* and *The Parallax View* these three published by the MIT Press John Milbank is an influential Christian theologian and the author of *Theology and Social Theory Beyond Secular Reason* and other books Creston Davis who conceived of this encounter studied under both Žižek and Milbank **The Divine Ideas Tradition in Christian Mystical Theology** Mark A. McIntosh, 2021-03-04 By the time of early modernity a widely deployed tenet of Christian thought had begun to vanish The divine ideas tradition the teaching that all beings have an eternal existence as aspects of God's mind had functioned across a wide range of central Christian doctrines providing Christian thinkers and mystical teachers with a powerful theological

capacity to illuminate the Trinitarian ground of all creatures and to renew the divine truth of all creatures through human contemplation Already by the time of the Middle Platonists Plato's forms had been reinterpreted as ideas in the mind of God Yet that was only the beginning of the transformation of the divine ideas for Christian belief in God as Trinity and in the incarnation of the Word imbued the divine ideas tradition with a remarkable conceptual agility The divine ideas teaching allowed mystical theologians to conceive the hidden presence of God in all creatures and the power of every creature's truth in God to consummate the full dynamic of every creature's calling The Divine Ideas Tradition in Christian Mystical Theology brings to life the striking role of the divine ideas tradition in the teaching of its central exponents and also suggests how the divine ideas might constructively inform Christian theology and spirituality today Especially in an age of global crises when the truth of the natural environment of racial injustice and of public health is denied and disputed for political ends the divine ideas tradition affords contemporary thinkers a creative and contemplative vision that reveres the deep truth of all beings and seeks their mending and fulfilment

The Spiritual Way Philip Sheldrake, 2019-09-06 In *The Spiritual Way Classic Traditions and Contemporary Practice* Philip Sheldrake aims to make the wisdom of Christian spirituality better known to contemporary readers After an introductory chapter on the foundations of Christian spirituality Sheldrake describes its diverse riches through the centuries in terms of five distinctive types of Christian spiritual wisdom illustrated by a rich selection of classical examples The five types are The Way of Discipline The Contemplative Mystical Way The Way of Practical Action The Way of Beauty and The Prophetic Way This book also briefly explores the contemporary interest in spirituality within and beyond conventional religion and suggests how we might engage with these five types on our spiritual journeys in today's world
